Who we are

Alagappa University has emerged from the galaxy of institutions initially founded during 1950`s by the Padma Bhushan Dr. RM. Alagappa Chettiar (06.04.1909 - 05.04.1957). It was brought into existence by a Special Act of the Government of Tamil Nadu in May 1985 with the objective of fostering research, development and dissemination of knowledge in various branches of learning. It is a State Government University established by an Act of the Tamil Nadu State Legislature in 1985 as Unitary type; later became Affiliating type during 2002. Alagappa University is recognized by the University Grants Commission (UGC) of India. The University is situated at Karaikudi, in the State of Tamil Nadu. Alagappa University`s campus sprawls across 435.98 Acres of lush land, (428.15 acres in Main Campus and and 7.83 acres in Thondi Campus) creating a highly secure, eco conscious and student friendly learning ambience. The University has 44 Departments, 3 Academic Centres and 2 Constituent Colleges (AUCE, AUCPE) on its campus. 45 Colleges located in the districts of Sivaganga and Ramanathapuram are Affiliated to the University. The University is offering UG, PG and Ph.D. programmes in the four Faculties (Arts, Science, Education, Management). The University offers education through Regular, Distance, Online and Collaborative modes.

Through all modes of education, the University caters to the needs of the student community of around 1.12 lakhs. As a member of the Association of Indian Universities (AIU), as well as the member of the Association of Commonwealth Universities (ACU), it has rewarding relations with other academic institutions, research laboratories and industrial establishments that promise a spectacular future. The University motto is “Excellence in Action “ and the University keeps before it the vision of excellence in all spheres of its action.

The Department

The Department of Education established in 1986 has been imparting teacher-education to provide knowledgeable and conscientious teaching community for taking up the noble profession of teaching. While serving, it has been striving to maintain quality by adopting national priorities. Since its establishment, the department has been ascending to greater heights through its commitment, and competent work. It is a matter of pride that this department has so far produced more than 400 Ph.D. holders and completed more than 100 research projects. The department has been acting as a nodal agency to implement the schemes and initiatives such as SSA, RMSA, SCERT, and MHRD. It has obtained funds from the UGC, ICSSR, BVLN Netherlands, DST and other international and national funding agencies for executing research projects. Doctoral and Post-doctoral scholars are pursuing their research in the department with the ICSSR, UGC, Tamilnadu Govt. and University fellowships. Cognitive science, teacher-education, constructivism, science process skills, inclusive education, educational technology, environmental education and instructional techniques are the thrust areas of the department.

About the Conference

Education 5.0 is not a distant concept; it is already beginning to take shape in various parts of the world. From smart classrooms and AI-based tutoring systems to online learning platforms that offer personalized pathways for students, the future of education is being shaped today. However, to realize its full potential, we must come together to address the challenges, share insights, and develop a unified vision that ensures education systems are not only technologically advanced but also inclusive, sustainable, and responsive to the needs of all learners. The conference will offer an interdisciplinary approach to the concept of Education 5.0, exploring its impact on different educational sectors : higher education, K-12 education, vocational training, and lifelong learning and how it is transforming educational outcomes, teaching practices, and learning environments. By bringing together global thought leaders, researchers, practitioners, and policymakers, the conference will facilitate a dynamic exchange of ideas, solutions, and strategies to ensure that Education 5.0 can be effectively and equitably realized across diverse educational contexts. The need for this conference arises from the necessity to address these issues collectively and proactively. Education 5.0 represents an exciting opportunity to transform educational systems, but its successful implementation requires a concerted effort across multiple sectors, including education, technology, industry, and policy. This conference will provide a platform for diverse stakeholders to collaborate, share insights, and develop actionable strategies to shape the future of education.
