		II- Semester		
Core	Course Code 2FD2MP	Mini-Project	Credits:3	Hours:3

The Head of the Department / Director will assign a faculty member as the Mini-project Guide to a particular student concerned in the beginning of the second semester. The student has to fix the project theme / title by submitting a proposal. The work flow of the chosen project and other related guidelines can be had from the Mini- project Guide. During this second semester, there will be two "Reviews" conducted by the Department and the students must present themselves in person and present the mini-project progress in the form of presentation in front of the mini-project guide. At the end of the semester, the student should prepare and submit a mini- project documentation report (not less than 30 pages, A4 size). The guide will award for 75 marks based on the performance in two reviews and the equality of the mini-project documentation report. The final mini-project guide and another one designated by the COE)and the cumulative marks for 100 will be given by the Department to the COE.
