ALAGAPPA UNIVERSITY
DEPARTMENT OF EDUCATION
Karaikudi -630003, Tamil Nadu.

REGULATIONS AND SYLLABUS-(CBCS-University Department)
[For the candidates admitted from the Academic Year 2022 – 2023 onwards]

Name of the Department : Education

Name of the Programme : M.Ed.,

Duration of the Programme : Full Time (Two Years – Four Semesters)

Choice-Based Credit System

A choice-Based Credit System is a flexible system of learning. This system allows students to gain knowledge at their own tempo. Students shall decide on electives from a wide range of elective courses offered by the University Departments in consultation with the Department committee. Students undergo additional courses and acquire more than the required number of credits. They can also adopt an inter-disciplinary and intra-disciplinary approach to learning, and make the best use of the expertise of available faculty.

Programme

“Programme” means a course of study leading to the award of a degree in a discipline.

Courses

‘Course’ is a component (a paper) of a programme. Each course offered by the Department is identified by a unique course code. A course contains lectures/ tutorials/laboratory work/seminar/project work / practical training/report writing /Viva-voce, etc or a combination of these, to meet effectively the teaching and learning needs.

Credits

The Term “Credit” refers to the weightage given to a course, usually in relation to the instructional hours assigned to it. Normally in each of the courses credits will be assigned on the basis of the number of lectures/tutorials/laboratory and other forms of learning required to complete the course contents in a 15-week schedule. One credit is equal to one hour of lecture per week. For laboratory/field work one credit is equal to two hours.

Semesters

An academic year is divided into two Semesters. In each semester, courses are offered in 15 teaching weeks and the remaining 5 weeks are to be utilized for conduct of examination and evaluation purposes. Each week has 36 working hours spread over 6 days a week.

Departmental committee

The Departmental Committee consists of the faculty of the Department. The Departmental Committee shall be responsible for admission to all the programmes offered by the Department including the conduct of entrance tests, verification of records, admission, and evaluation. The Departmental Committee determine the deliberation of courses and specifies the allocation of credits semester-wise and course-wise. For each course, it will also identify the number of credits for lectures, tutorials, practicals, seminars etc. The courses (Core/Discipline Specific Elective/Non-Major Elective) are designed by teachers and approved by the Departmental Committees. Courses approved by the Departmental Committees shall be approved by the Board of Studies. A teacher offering a course will also be responsible for maintaining attendance and performance sheets (CIA -I, CIA-II, assignments and seminar) of all the students registered for the course. The Non-major elective programme and MOOCs coordinator are responsible for submitting the performance sheet to the Head of the department. The Head of the Department consolidates all such performance sheets of courses pertaining to the programmes offered by the department. Then forward the same to be Controller of Examinations.

Medium of instruction

The medium of the instruction is English only.

Programme Educational Objectives - (PEO)

| | |
|----------------------------------|---|
| PEO-1 Knowledge | Possess in-depth discipline knowledge and intellectual breadth of the subject area |
| PEO-2 Problem solving | Apply problem solving, creative and critical thinking skills to meet educational needs of children with disabilities in various settings |
| PEO-2 Investigation | Demonstrate core competencies to transform the student teachers as effective teachers through appropriate investigations to ensure quality service |
| PEO-4 Design | Design innovative curriculum, pedagogy and resources to cater to the needs of the stakeholders |
| PEO-5 Tools | Evince skill in research methodologies, use of appropriate scientific tools to carry out research to enhance education of children with disabilities in all settings. |
| PEO-6 Society | Demonstrate higher order thinking skills to take up creative and innovative research methodologies to create better living conditions for the people with visual impairment |

| | |
|---|--|
| PEO-7 Environmental sustainability | Acquire the ability to engage in independent and life-long learning in the broadest context socio-technological changes to sustain the environmental changes |
| PEO-8 Ethics | Demonstrate empathetic social concern, and the ability to act with an informed awareness of issues to uphold ethical practices |
| PEO-9 Team work | Recognize different value systems, ethics and professional commitment of the concerned discipline and collaborate with other professionals and work in teams |
| PEO-10 Lifelong learning | Be aspirant to take up new learning; well prepared for living, learning and working in a digital society |

Programme Specific Objectives - (PSO)

| | |
|-------|---|
| PSO-1 | To develop knowledge and skill to promote human resource development in the field of special education |
| PSO-2 | To promote teaching competencies to the disability specialization and cross disability among students to promote them to be a better teacher educator |
| PSO-3 | Assist potential teacher educators to exert leadership in advocating and meeting educational needs of children with disabilities in various settings |
| PSO-4 | Offer special teacher educators the opportunity to develop specialized capacity for leadership in curriculum, pedagogy and universal design |
| PSO-5 | To promote higher order thinking skills to take up creative and innovative research methodologies |

Programme Outcomes - (PO)

| | |
|---------------------------------|---|
| PO-1 Knowledge | Possess in-depth discipline knowledge and intellectual breadth of the subject area |
| PO-2 Problem solving | Apply problem solving, creative and critical thinking skills to meet educational needs of children with disabilities in various settings |
| PO-2 Investigation | Demonstrate core competencies to transform the student teachers as effective teachers through appropriate investigations to ensure quality service |
| PO-4 Design | Design innovative curriculum, pedagogy and resources to cater to the needs of the stakeholders |
| PO-5 tools | Evince skill in research methodologies, use of appropriate scientific tools to carry out research to enhance education of children with disabilities in all settings. |
| PO-6 society | Demonstrate higher order thinking skills to take up creative and innovative research methodologies to create better living conditions for the people with visual impairment |

| | |
|--|--|
| PO-7 Environmental sustainability | Acquire the ability to engage in independent and life-long learning in the broadest context socio-technological changes to sustain the environmental changes |
| PO-8 Ethics | Demonstrate empathetic social concern, and the ability to act with an informed awareness of issues to uphold ethical practices |
| PO-9 Team work | Recognize different value systems, ethics and professional commitment of the concerned discipline and collaborate with other professionals and work in teams |
| PO-10 Lifelong learning | Be aspirant to take up new learning; well prepared for living, learning and working in a digital society |

Programme Specific Outcomes - (PSO)

| | |
|-------|---|
| PLO-1 | Develops knowledge and skill to promote human resource development in the field of special education |
| PLO-2 | Promotes teaching competencies to the disability specialization and cross disability among students to promote them to be a better teacher educator |
| PLO-3 | Assists potential teacher educators to exert leadership in advocating and meeting educational needs of children with disabilities in various settings |
| PLO-4 | Offers special teacher educators the opportunity to develop specialized capacity for leadership in curriculum, pedagogy and universal design |
| PLO-5 | Promotes higher order thinking skills to take up creative and innovative research methodologies |

Eligibility for admission

Candidates seeking admission to the M.Ed. programme shall be required to have passed the following programmes.

a) B.Ed. degree of 1 or 2 years duration recognized by any University

or

b) 4 year integrated teacher education degree programme (B.El.Ed./ B.Sc.Ed./ B.A.Ed.) recognized by any University

Since the teacher education is a praxis based field of study, it is desirable that teacher educators have a teaching experience. In this context, it is recommended that possibilities that encourage working teachers to join M.Ed. are explored. Thus, teaching experience may also be a desirable entry requirement for the programme. But, no additional weightage shall be given to the experience of teaching in an Elementary Teacher Training Institute or in an elementary/secondary /senior secondary school.

Although a Master Degree is mandatory for the Faculty member of teacher education institution, entries in the M.Ed. programme does not require Master Degree in parent subject.

Relaxation in the marks will be allowed in the case of candidates belonging to Scheduled Castes / Scheduled Tribes/ Most Backward Classes/ Backward Classes/ PWD and other applicable categories as per the rules of state government.

Reservation of seats shall be as per the rules of the State Government of Tamilnadu.

In all matters related to selection and admission, the decisions of the Alagappa University shall be the final.

Minimum Duration of programme

The programme is for a period of two years. Each year shall consist of two semesters viz. Odd and Even semesters. Odd semesters shall be from June / July to October / November and even semesters shall be from November / December to April / May. Each semester there shall be 110 working days consisting of 6 teaching hours per working day (6 days/week).

Components

A PG programme consists of a number of courses. The term “course” is applied to indicate a logical part of the subject matter of the programme and is invariably equivalent to the subject matter of a “paper” in the conventional sense. The following are the various categories of the courses suggested for the PG programmes:

- A. Core courses (CC)- “Core Papers” means “the core courses” related to the programme concerned including practicals and project work offered under the programme and shall cover Core competency, critical thinking, analytical reasoning, and research skill.
- B. Discipline-specific electives (DSE) means the courses offered under the programme related to the major but are to be selected by the students, and shall cover additional academic knowledge, critical thinking, and analytical reasoning.
- C. Non-Major Electives (NME)- Exposure beyond the discipline
 - Students have to undergo a total of Non-Major Elective courses with 2 credits offered by other departments (one in II Semester and another in III Semester)
 - A uniform time frame of 3 hours on a common day (Tuesday) shall be allocated for the Non-Major Electives
 - Non-Major Elective courses offered by the departments pertaining to a semester should be announced before the end of the previous semester.
 - Registration process: Students have to register for the Non-Major Elective course within 15 days from the commencement of the semester either in the department or NME portal (University website).
- D. Self Learning Courses from MOOCs platforms.
 - MOOCs shall be voluntary for the students.
 - Students have to undergo a total of 2 Self Learning Courses (MOOCs) one in II semester and another in III semesters.
 - The actual credits earned through MOOCs shall be transferred to the credit plan of programmes as extra credits. Otherwise 2 credits/course be given if the self Learning Course (MOOCs) is without credit.
 - While selecting the MOOCs, preference shall be given to the course related to employability skills.

E. Projects / Dissertation /Internships (Maximum Marks: 200)

The student shall undertake the Project/Dissertation/internship during the fourth semester.

- Plan of work

Project/Dissertation

The candidate shall undergo Project/Dissertation Work during the final semester. The candidate should prepare a scheme of work for the dissertation/project and should get approval from the guide. The candidate, after completing the dissertation /project work, shall be allowed to submit it to the university departments at the end of the final semester. If the candidate is desirous of availing the facility from other departments/universities/laboratories/organizations they will be permitted only after getting approval from the guide and HOD. In such a case, the candidate shall acknowledge the same in their dissertation/project work.

Field Visit (Institutional Visit)

The students shall undergo Field Visits to various Educational Institutions such as University Education Departments, District Institution for Education and Training and Colleges of Education, etc. to acquire practical knowledge during the first semester.

Visits to governmental or non-governmental organisations, public administrations, private institutions, universities or other higher education institutions, where the main purpose of the event is internalising academic and infrastructural facilities for the teacher educational institutions. Institutional Visits can be local (situated in and around the university), state, and national (situated in the country of the university).

For example: Higher Education Institutions, Teacher Education Institutions, Colleges of Education, Educational Administration Offices, Educational Agencies, Alternative and Specials schools, non-

governmental organizations, Universities, etc. In a nutshell, Institutional Visit is an event during which scholars get to know the work of different types of institutions in first hand and benefit from the fact that the trip is completely organised by the permission and fund of university. Thus, each scholar should visit three (3) institutions during the programme.

Format to be followed for Field Visit report

No. of copies of the dissertation/internship report

The candidate should prepare three copies of the dissertation report and submit the same for the evaluation of examiners. After evaluation, one copy will be retained in the department library, one copy will be retained by the guide and the student shall hold one copy. The candidate should prepare one copy of the field visit/internship report and submit the same for the evaluation of examiner.

Teaching methods

The following methods are used to teach MEd students.

- ❖ Using power point slides.
- ❖ Interactive board.
- ❖ Group discussion among students.
- ❖ Conducting seminar.
- ❖ Brain storming.
- ❖ Field visit.

Attendance

Students must have earned 75% of attendance in each course for appearing for the examination. Students who have earned 74% to 70% of attendance need to apply for condonation in the prescribed form with the prescribed fee. Students who have earned 69% to 60% of attendance need to apply for condonation in the

prescribed form with the prescribed fee along with the Medical Certificate. Students who have below 60% of attendance are not eligible to appear for the End Semester Examination (ESE). They shall re-do the semester(s) after completion of the programme.

Examination

The examinations shall be conducted separately for theory and practical's to assess (remembering, understanding, applying, analysing, evaluating, and creating) the knowledge required during the study. There shall be two systems of examinations viz., internal and external examinations. The internal examinations shall be conducted as Continuous Internal Assessment tests I and II (CIA Test I & II).

A. Internal Assessment

The internal assessment shall comprise a maximum of 25 marks for each subject. The following procedure shall be followed for awarding internal marks.

Theory -25 marks

| Sr.No | Content | Marks |
|-------|--|-------|
| 1 | Average marks of two CIA test | 15 |
| 2 | Seminar/group discussion/quiz | 5 |
| 3 | Assignment/field trip report/case study report | 5 |
| | Total | 25 |

Practical -25 Marks

| | | |
|---|-------------------------------|----------|
| 1 | Average marks of two CIA test | 15 marks |
| 2 | Attendance | 2 marks |
| 3 | Observation note book | 8 marks |
| | Total | 25 Marks |

Internship- 25 Marks (assess by Guide/incharge/HOD/Supervisor)

| | | |
|---|-----------------|----------|
| 1 | Presentations | 15 Marks |
| 2 | Progress report | 10 Marks |
| | Total | 25 Marks |

Project/Dissertation -50 Marks (assess by Guide /incharge /HOD/ Supervisor)

| | | |
|---|------------------------------|----------|
| 1 | Two presentations (mid-term) | 30 Marks |
| 2 | Progress report | 20 Marks |
| | Total | 50 Marks |

B. External Examination

- There shall be examinations at the end of each semester, for odd semesters in the month of October / November; for even semesters in April / May.
- A candidate who does not pass the examination in any course(s) may be permitted to appear in such failed course(s) in the subsequent examinations to be held in October / November or April / May. However, candidates who have arrears in Practical shall be permitted to take their arrear Practical examination only along with Regular Practical examination in the respective semester.
- A candidate should get registered for the first-semester examination. If registration is not possible owing to a shortage of attendance beyond condonation limit/regulation prescribed OR belated joining OR on medical grounds, the candidates are permitted to move to the next semester. Such candidates shall re-do the missed semester after completion of the programme.
- For the Project Report/ Dissertation Work the maximum marks will be 100 marks for project report evaluation and for the Viva-Voce it is 50 marks
- For the Internship the maximum marks will be 50 marks for project report evaluation and for the Viva –Voce it is 25 marks.
- Viva-Voce: Each candidate shall be required to appear for the Viva-Voce Examination (in defense of the Dissertation Work / Internship).

C. Scheme of External Examination (Question Paper Pattern)

Theory - Maximum 75 Marks

| | | | |
|------------------|---|-------------------|---------------------------------------|
| Section A | 10 questions. All questions carry equal marks. (Objective-type questions) | 10 x 1 = 10 Marks | 10 questions – 2 each from every unit |
| Section B | 5 questions Either / or type like 1.a (or) b. All questions carry equal marks | 5 x 5 = 25 | 5 questions – 1 each from every unit |
| Section C | Essay type questions 5 out of 8 questions. All questions carry equal marks | 5 x 8 = 40 | 5 questions – 1 each from every unit |

Dissertation /Project report Maximum 150 Marks

| | |
|------------------------------|-----------|
| Dissertation /Project report | 100 Marks |
| Vivo voce | 50 Marks |

Internship report Maximum 75 Marks

| | |
|-------------------|----------|
| Internship report | 50 Marks |
| Vivo voce | 25 Marks |

Results

The results of all the examinations will be published through the Department where the student underwent the course as well as through University Website

Passing minimum

- A candidate shall be declared to have passed in each course if he/she secures not less than 40% marks in the End Semester Examinations and 40% marks in the Internal Assessment and not less than 50% in the aggregate, taking Continuous assessment and End Semester Examinations marks together.
- The candidates not obtained 50% in the Internal Assessment are permitted to improve their Internal Assessment marks in the subsequent semesters (2 chances will be given) by writing the CIA tests and by submitting assignments.
- Candidates, who have secured the pass marks in the End-Semester Examination and in the CIA but failed to secure the aggregate minimum pass mark (E.S.E + C I.A), are permitted to improve their Internal Assessment mark in the following semester and/or in University examinations.
- A candidate shall be declared to have passed in the Project / Dissertation / Internship if he /she gets not less than 40% in each of the Project / Dissertation / Internship and Viva-Voce and not less than 50% in the aggregate of both the marks for Project / Dissertation / Internship Report and Viva-Voce.
- A candidate who gets less than 50% in the Project Report must resubmit the Project Report. Such candidates need to take again the Viva-Voce on the resubmitted Project.

Grading of the Courses

The following table gives the marks, Grade points, Letter Grades and classifications meant to indicate the overall academic performance of the candidate.

Conversion of Marks to Grade Points and Letter Grade (Performance in Paper / Course)

| RANGE OF MARKS | GRADE POINTS | LETTER GRADE | DESCRIPTION |
|-----------------------|---------------------|---------------------|--------------------|
| 90 - 100 | 9.0 – 10.0 | O | Outstanding |
| 80 - 89 | 8.0 – 8.9 | D+ | Excellent |
| 75 - 79 | 7.5 – 7.9 | D | Distinction |
| 70 - 74 | 7.0 – 7.4 | A+ | Very Good |
| 60 - 69 | 6.0 – 6.9 | A | Good |
| 50 - 59 | 5.0 – 5.9 | B | Average |
| 00 - 49 | 0.0 | U | Re-appear |
| ABSENT | 0.0 | AAA | ABSENT |

- a) Successful candidates passing the examinations and earning GPA between 9.0 and 10.0 and marks from 90 – 100 shall be declared to have Outstanding (O).
- b) Successful candidates passing the examinations and earning GPA between 8.0 and 8.9 and marks from 80 - 89 shall be declared to have Excellent (D+).

- c) Successful candidates passing the examinations and earning GPA between 7.5 – 7.9 and marks from 75 - 79 shall be declared to have Distinction (D).
- d) Successful candidates passing the examinations and earning GPA between 7.0 – 7.4 and marks from 70 - 74 shall be declared to have Very Good (A+).
- e) Successful candidates passing the examinations and earning GPA between 6.0 – 6.9 and marks from 60 - 69 shall be declared to have Good (A).
- f) Successful candidates passing the examinations and earning GPA between 5.0 – 5.9 and marks from 50 - 59 shall be declared to have Average (B).
- g) Candidates earning GPA between 0.0 and marks from 00 - 49 shall be declared to have Re-appear (U).
- h) Absence from an examination shall not be taken as an attempt.

From the second semester onwards the total performance within a semester and continuous performance starting from the first semester are indicated respectively by **Grade Point Average (GPA)** and **Cumulative Grade Point Average (CGPA)**. These two are calculated by the following formulate

$$\text{GRADE POINT AVERAGE (GPA)} = \frac{\sum_i C_i G_i}{\sum_i C_i}$$

GPA = Sum of the multiplication of Grade Points by the credits of the courses
 Sum of the credits of the courses in a Semester

Classification of the final result

| CGPA | Grade | Classification of Final Result |
|-----------------------------|-------|--------------------------------|
| 9.5 – 10.0 | O+ | First Class – Exemplary* |
| 9.0 and above but below 9.5 | O | |
| 8.5 and above but below 9.0 | D++ | First Class with Distinction* |
| 8.0 and above but below 8.5 | D+ | |
| 7.5 and above but below 8.0 | D | |
| 7.0 and above but below 7.5 | A++ | First Class |
| 6.5 and above but below 7.0 | A+ | |
| 6.0 and above but below 6.5 | A | |
| 5.5 and above but below 6.0 | B+ | Second Class |
| 5.0 and above but below 5.5 | B | |
| 0.0 and above but below 5.0 | U | Re-appear |

The final result of the candidate shall be based only on the CGPA earned by the candidate.

- a) Successful candidates passing the examinations and earning CGPA between 9.5 and 10.0 shall be given Letter Grade (O+), those who earned CGPA between 9.0 and 9.4 shall be given Letter Grade (O) and declared to have First Class –Exemplary*.

- b) Successful candidates passing the examinations and earning CGPA between 7.5 and 7.9 shall be given Letter Grade (D), those who earned CGPA between 8.0 and 8.4 shall be given Letter Grade (D+), those who earned CGPA between 8.5 and 8.9 shall be given Letter Grade (D++) and declared to have First Class with Distinction*.
- c) Successful candidates passing the examinations and earning CGPA between 6.0 and 6.4 shall be given Letter Grade (A), those who earned CGPA between 6.5 and 6.9 shall be given Letter Grade (A+), those who earned CGPA between 7.0 and 7.4 shall be given Letter Grade (A++) and declared to have First Class.
- d) Successful candidates passing the examinations and earning CGPA between 5.0 and 5.4 shall be given Letter Grade (B), those who earned CGPA between 5.5 and 5.9 shall be given Letter Grade (B+) and declared to have passed in Second Class.
- i) Candidates those who earned CGPA between 0.0 and 4.9 shall be given Letter Grade (U) and declared to have Re-appear.
- e) Absence from an examination shall not be taken as an attempt.

$$\text{CUMULATIVE GRADE POINT AVERAGE (CGPA)} = \frac{\sum_n \sum_i C_{ni} G_{ni}}{\sum_n \sum_i C_{ni}}$$

CGPA = Sum of the multiplication of Grade Points by the credits of the entire Programme
Sum of the credits of the courses for the entire Programme

Where 'Ci' is the Credit earned for Course i in any semester; 'Gi' is the Grade Point obtained by the student for Course i and 'n' refers to the semester in which such courses were credited.

CGPA (Cumulative Grade Point Average) = Average Grade Point of all the Courses passed starting from the first semester to the current semester.

Note: * The candidates who have passed in the first appearance and within the prescribed Semesters of the PG Programme are alone eligible for this classification.

Maximum duration of the completion of the programme

The maximum period for completion of **M.Ed** programme shall not exceed eight semesters continuing from the first semester.

Conferment of the Master's Degree

A candidate shall be eligible for the conferment of the Degree only after he/ she has earned the minimum required credits for the Programme prescribed therefor (i.e. 92 credits). Programme).

Village Extension Programme

The Sivaganga and Ramnad districts are very backward districts where a majority of people lives in poverty. The rural mass is economically and educationally backward. Thus the aim of the introduction of this Village Extension Programme is to extend out to reach environmental awareness, social activities, hygiene, and health to the rural people of this region. The students in their third semester have to visit any one of the adopted villages within the jurisdiction of Alagappa University and can arrange various programs to educate the rural mass in the following areas for three day based on the theme.1. Environmental awareness 2. Hygiene and Health. A minimum of two faculty members can accompany the students and guide them.

What to do after M.Ed., Programme?

- ❖ To do Doctor of Philosophy in Education.
- ❖ To do Master of Philosophy in Education.
- ❖ To join PG Diploma in Guidance and Counselling.
- ❖ To study PG Diploma in Educational Administration and Management.
- ❖ To study PG Diploma in Educational Administration and Value Education.
- ❖ To study PG Diploma in Educational Administration and Higher Education

Job and Career option for

- ❖ To become a Teacher in High/Higher Secondary School.
- ❖ To become Assistant Professor in College of Education.
- ❖ To become Assistant Professor in University Department of Education.
- ❖ To become a consultant for Educational Research.
- ❖ To run a Research Agency.
- ❖ To start publishing house for research articles.

Employment Areas

- ❖ High/Higher Secondary schools.
- ❖ Colleges of Education.
- ❖ University Department of Education.
- ❖ District Educational Office.
- ❖ Chief. Educational Office.
- ❖ Guidance and Counselling centres.

T-Theory

P-Practical

| I- Semester | | | | | |
|--|---|---|----------|-------------------|----------------|
| Core | Course Code: 741101 | Philosophical and Sociological Fundamentals of Education | T | Credits: 4 | Hours:5 |
| Unit -I | | | | | |
| Objective 1 | To enable the students to develop a philosophical point of view towards society in general, and educational problems in particular. | | | | |
| Overview: Philosophical Views on Education: Need, objectives, and branches (a) Historical Overview and Key Concepts: Indian perspectives of Education: Vidya, Dnyan and Darshan. • Western perspectives of Education: Information, Knowledge and Wisdom. Philosophical Models of Education • Impressionist Model • Insight Model • Rule Model Epistemological beliefs of teaching and learning. Orthodox and Heterodox schools. | | | | | |
| Outcome 1 | Manifest on the concept and nature of philosophy with the different discipline and various societies. | | | | K3 |
| Unit -II | | | | | |
| Objective 2 | To postulates the implications of various schools of philosophy, vision of great thinkers and their educational doctrines with respect to Indian and Western perspectives. | | | | |
| Indian and western philosophies:- Idealism with special reference to Plato, Naturalism with special reference to Rousseau, Pragmatism with special reference to John Dewey, Realism with special reference to Aristotle. Education for Science(C.D. Hardie) • Education for Values (Moral, Spiritual- Gandhi, Aesthetic-Tagore) • Education for Self (J. Krishnamurthy) • Education for Society (Paulo Freire and Savitribai Phule).Existentialism: The chief characteristics of Existentialism reference to the Critique of system, Child centred Education, the student as a free participant. Modern Theories of Education: Existentialism, Marxism, Logical Empiricism. | | | | | |
| Outcome 2 | To postulates of various schools of philosophy, vision of great thinkers and their educational implications. | | | | K4 |
| Unit-III | | | | | |
| Objective 3 | To enable the students to develop a Philosophical system to wards his/her Educational problems. | | | | |
| Modern philosophies:- Philosophical Approaches to Education: Humanism: Educational Implications of Humanism- Aims and Ideals, Curriculum, Methods, Teacher, Discipline, and Critical Evaluation. Dialectical Materialism: Philosophical presupposition, Concept of Theory, Stages of Human History. Essentialism: Fundamental Principles of Essentialism. Eclecticism: Meaning, Need of Eclectic philosophy in Education .Feminism: The dearth of women in educational philosophy- Analytical Philosophy. | | | | | |
| Outcome 3 | Develop a Philosophical system to wards his/her Educational problems. | | | | K6 |

| Unit - IV | | |
|--|--|-----------|
| Objective 4 | To make the students to acquaint with social change for sociological reflection that deal with key aspects of social reality, and educational issues. | |
| <p>Sociological Bases:-Approaches to Sociology of Education: [a) Symbolic Interactionism, b) Structural Theoretical Functionalism c) Conflict Theory d) Ritzer's Integrative (micro-macro) Theory of Social Analysis]. Social Stratification and Social Mobility: a) Concept and Types of Social Stratification and Social Mobility. b) Theories of Social Stratification-Functionalist and Conflict Theory. c) Stratification and Equality of Educational Opportunity. Institutionalization and Education: a) Concept of Institutionalization b) Types of Social Institutions and their Functions c) Dimensions of Education as a Social Institution : Structure, Function and Culture d) Education as a Social Institution and Distributive Justice.</p> | | |
| Outcome 4 | Choose appropriate determinants of the social change and its impact on the world. | K3 |
| Unit - V | | |
| Objective 1 | To conceive, and critically examine the inter linkages among Education, Law and Society | |
| <p>Education, Law and Society:- Constitutional Provisions on Education and its implications for education; Code of Conduct / /Professional Ethics for Teachers and Students. Mass Media and Education. Globalization and its impact on Education. Education and Culture: Concepts of Culture, Sub-Culture and Multiculturalism. Goals and Characteristics, Dimensions and Approaches of Multicultural Education. Social Reconstructions.</p> | | |
| Outcome 5 | Incorporate the chain reactions of Education, Law and Society in all education process | K2 |
| <p>Practicum (Dynamic Components):- Preparation of report on the Orthodox and Heterodox schools -Identifying epistemological concepts in the Indian higher education-summarizing educational values of modern philosophies in the metamorphosis of Indian education system relation to the social change-</p> | | |

| I - Semester | | | | | |
|--|--|--|----------|----------------------|--------------------|
| Core | Course Code: 741102 | Advanced Educational Psychology | T | Credits: 4 | Hours: 5 |
| Unit -I | | | | | |
| Objective 1 | To provide students advanced principles underlying human behaviour and its application to educational problems. | | | | |
| Psychology and its Basic Schools:- Meaning, Nature, scope and methods of educational psychology - Basic schools of psychology- Structuralism, Functionalism, Behaviourism, Constructivism and Humanism; Methods of Psychology - Introspection, Descriptive, Observation, Case Study, Survey and Experimental. | | | | | |
| Outcome 1 | Formulate the prerequisite knowledge with the psychological concepts and will conceive the new ideas of the theories of psychology. | | | | K6 |
| Unit-II | | | | | |
| Objective 2 | To enable students to understand the cognitive process and its importance in learning. | | | | |
| Growth and Development:- Growth and Development- Concept and Stages; Factors influencing Development - Genetic, Biological, Physical and Environmental; Piaget's theory of cognitive development, Erikson's theory of psycho-social development, Freud's Psycho-analytic Theory, Kohlberg's theory of Moral development, Language development, emotional Development, aesthetic development, Educational Implications. | | | | | |
| Outcome 2 | Comparing the growth and development with different psychological theories. | | | | K2 |
| Unit - III | | | | | |
| Objective 3 | To develop an insight in learning methods and approaches. | | | | |
| Learning Theories:- Learning – Concept, Nature and importance; attention; Motivation; Remembering & Forgetting; Learning Styles; Cognition & Meta Cognition. Watson's behaviorism, Cognitive theory of learning, Hull's Drive reeducation theory, Tolman's theory of Purposivism, Lewin's field theory, Bandura's Modeling and observation Learning Theory, Vygotsky's Theory of Social Constructivism; Gagne's signal of learning- Transfer of Learning, Plasticity of learning. | | | | | |
| Outcome 3 | Apply the learning theories in to the day-to-day pedagogical aspects. | | | | K3 |
| Unit - IV | | | | | |
| Objective 4 | To help them understand the concept of intelligence and their impact on teaching- learning process. | | | | |
| Creativity and Intelligence:- Approaches to Intelligence from Unitary to Multiple: Concepts of Social intelligence, multiple intelligence, emotional intelligence, Theories of Intelligence by Sternberg, Gardner, Assessment of Intelligence - Concepts of Problem Solving and Critical thinking – Creativity: Creative and gifted children, Characteristics of a creative Individual, Education for accelerating creativity. | | | | | |
| Outcome 4 | Use the personality and creativity concepts in their daily life and professional competence. | | | | K3 |

Unit - V

| | |
|--------------------|---|
| Objective 5 | To enable them to understand the theoretical contributions and conceptual background of theories of learning, personality, development and adjustment. |
|--------------------|---|

Personality and Mental Health:-Personality- Meaning and definitions; Determinants of personality - Genetic, Social and Cultural; Theories of personality - Type Theory, Trait Theory, Psycho-analytic Theory. Concept of Adjustment - Characteristic of well-adjusted and maladjusted person- Causes of maladjusted behavior- adjustment mechanisms- Juvenile delinquency- Mental health and Mental hygiene -Mental health and hygiene- Anxiety, conflicts, frustration, stress and burn-out, mechanism of adjustments; Guidance and Counseling, Emotional regulation, emotional intelligence.

| | | |
|------------------|--|-----------|
| Outcome 5 | Develops personality according personality theories and apply in teaching learning process. | K5 |
|------------------|--|-----------|

Practicum (Dynamic Components)

Measurement of individual difference - conducting intelligence, attitude, interest test - find out creativity among students-find out the characteristics of gifted learners - improving mental health and assessment mechanism-Digital Experiments.

| I- Semester | | | | | |
|---|--|-------------------------------|---|-----------|-----------|
| Core | Course code: 741103 | Research Methods in Education | T | Credits:4 | Hours:5 |
| Unit -I | | | | | |
| Objective 1 | Get familiarized with the basic terms of research methodology. | | | | |
| <p>Educational Research:- Meaning, Definition, Characteristics, Need and Scope. Principles of scientific inquiry and theory development – Inter – disciplinary nature of educational research. Taxonomy of Educational research: Basic, Applied and Action research. Educational research in India. Emerging Trends and Challenges in Educational Research. Steps in research: selection and sources of a research problem- Statement of a research problem, Variables: definitions and types, operationalization of key terms.-Objectives/research questions. – Hypothesis: definition, meaning, role, types, characteristics and functions. Preparation of a research proposal. Review of Related Literature (RRL): - meaning, importance. Sources of RRL: Primary, secondary. – APA style of references, References Vs Bibliography</p> | | | | | |
| Outcome 1 | Critically evaluate the emerging trends and challenges in educational research | | | | K5 |
| Unit-II | | | | | |
| Objective 2 | Develop understanding of concept of research in general and educational research in particular. | | | | |
| <p>Quantitative Research: - Meaning – collect quantitative data – Primary Quantitative Research Methods – Types of Quantitative Designs – Survey Research –Cross-sectional Surveys - Longitudinal Surveys –Correlational Research – Quasi- Experimental Research, or Comparative Studies –Experimental Research –Secondary Quantitative Research Methods –Advantages of Quantitative Research Methods –= Limitations of Quantitative Research Methods</p> | | | | | |
| Outcome 2 | Classify, explain and compare the different types of quantitative research | | | | K4 |
| Unit III | | | | | |
| Objective 3 | Develop understanding of distinctive features of qualitative and quantitative | | | | |
| <p>Qualitative and Mixed Research:- Introduction Stages of Qualitative Research Collecting the Data - Data Analysis Steps - Characteristics of Qualitative Research Methods of Qualitative research -Interviews - . Focus Groups - . Observation Participant observation, Non participant observation - . Ethnography - Grounded Theory -. Phenomenology -. Narrative – Case Study - Action Research - . Historical Research -. Content Analysis - Qualitative Data Techniques for ensuring quality in qualitative research - Comparisons between Qualitative and Quantitative Methods –Strengths of Qualitative Research Weakness of Qualitative Research- Advantages of Qualitative Research Disadvantages of Qualitative Research- Mixed Research: meaning, fundamental principles, strength and weaknesses, types and limitations.</p> | | | | | |
| Outcome 3 | Compare and Contrast quantitative and qualitative research paradigm | | | | K3 |

Unit -IV

Objective 4 | **Research paradigms.**

Tools and Techniques of Research:- Hypotheses • Concept of Hypothesis • Sources of Hypothesis • Types of Hypothesis (Research, Directional, Non-directional, Null) • Formulating Hypothesis • Characteristics- Sampling; Concepts of Universe and Sample – Characteristics of a good Sample – Techniques of Sampling, Sampling Calculator-Tools and Techniques of Research; Steps of preparing a research tool –Standardisation of a tool ; Validity-Meaning, types, indices and factors affecting validity – Reliability ; Meaning, types, indices and factors affecting reliability – Item Analysis (Discrimination Index, Difficulty Index), Document Analysis –Types of Tools; Questionnaire, Observation schedule, and Interview, Rating Scale, Attitude Scale, Aptitude, and interest Inventory, and Achievement Test.

| | | |
|------------------|--|-----------|
| Outcome 4 | Acquire knowledge of tools and techniques or research Identify Discuss Retell Research Annotate Translate Give examples of Paraphrase Reorganise Associate Describe Report Recognise Review Observe Outline Account for Interpret Give main idea Estimate Define | K2 |
|------------------|--|-----------|

Unit - V

Objective 5 | **Acquaint the students with respect to different techniques of research.**

Research Report:- Preparation of a Research Proposal: Framework of the research proposal and strategies for writing the research proposal – format of the research report – Research styles: APA, Preparation of Synopsis –Research Report; concept, characteristics, components, and Evaluation of research report.

| | | |
|------------------|---|-----------|
| Outcome 5 | Identify, explain and prepare the key elements of research proposal/report Translate Manipulate Exhibit Illustrate Calculate Interpret Make Practice Apply Operate Interview Paint Change Compute Sequence Show Solve Collect Demonstrate Dramatise Construct | K3 |
|------------------|---|-----------|

Practicum (Dynamic Components):- Mastery over the concept of research – differentiate the traditional methods with modern methods – construction and adaptation of instrument, Administration of questionnaire – discussion and interpretation – proposal and report writing.

| I - Semester | | | | | |
|--|--|-----------------------------|----------|------------------|----------------|
| Discipline Specific Elective 1 | Course Code: 741501 | Elementary Education | T | Credits:4 | Hours:5 |
| Unit -I | | | | | |
| Objective 1 | understand the concept and context of Elementary Education | | | | |
| Concept of Elementary Education:- | | | | | |
| <ul style="list-style-type: none"> a. Concept, nature and importance of Elementary Education in the context of teaching through mother tongue, contextualisation, multilingualism, heterogeneous and socio-cultural backgrounds b. Developmental tasks - Influence of home, school and community related factors on child's development. c. Conceptual analysis of learner and learning, learner- centred approach, activity- centred approach, freedom and discipline d. Reflection on current practices in Elementary Education | | | | | |
| Outcome 1 | Understand the concept of elementary education. | | | | K2 |
| Unit-II | | | | | |
| Objective 2 | understand the objectives and challenges of Universalisation of Elementary Education reflect on strategies and programmes in Elementary Education | | | | |
| Development of Elementary Education:- | | | | | |
| <ul style="list-style-type: none"> a. Nature and focus of Elementary Education after independence. b. Relevance of educational thought of Mahatma Gandhi and Tagore to elementary education. c. Constitutional provision for education and Directive Principles related to elementary education and their implications. Right to education (Education as a fundamental right) d. Elementary education as referred to NPE-1986, POA-1992, National Curriculum Framework(NCF)-2005. | | | | | |
| Outcome 2 | Learn different Educational commissions and its recommendations. | | | | K2 |
| Unit - III | | | | | |
| Objective 3 | Reflect on strategies sand programme in Elementary Education | | | | |
| Planning, Policies and Administration:- | | | | | |
| <ul style="list-style-type: none"> a. Constitutional provision- recommendations of Education Commission, National Policies of Education b. Five year National development plans– shift in focus on elementary education, budget consumption of elementary education c. Decentralizationofauthorityandfinancing:roleofPanchayatiRajInstitutions(PRIs), Urban Local Bodies, SMC,PTA/MTA d. The leading role of Central Government for guiding policy, transferring national initiatives and resources to states. Regulations of private school; matching supply- demand aspect of elementary education. e. Right to Free and Compulsory EducationAct-2009 | | | | | |

| | | |
|--|---|-----------|
| Outcome 3 | Gain knowledge of Right of education and its role and understand the implementation and impact on quality enhancement. | K1 |
| Unit - IV | | |
| Objective 4 | Understand the policies and administration of elementary education | |
| Programmes and Implementation Strategies at Elementary Education:- | | |
| <ul style="list-style-type: none"> a. Centrally sponsored schemes–assumptions, implementation strategies and impact(IEDC, SOPT, PMOST, OBB, MLL, DPEP, EGS and AIE, KGBV, NEP, NPE) b. Stateprojects–assumptions,implementationstrategiesandimpact(BEP,APEP,UP BEP, LokJumbhish, ABL, NaliKali, Mahila Samakhya, ShikshaKarmi, AIEP, Learning Enhancement) c. Centrally sponsored schemes and state projects–change it brought in elementary education d. Sarva Shiksha Abhiyan(SSA)–objectives, focus areas, implementation strategies and impact on quality enhancement. e. ICDS, Mid-Day Meal scheme(MDM)–objectives, implementation and impact on quality enhancement. f. Role of authority and civil society in programme implementation. | | |
| Outcome 4 | Understand the schemes and programmes in Elementary Education. Recognise, recollect, record, recount, relate, repeat, reproduce, show, state, outline | K2 |
| Unit - V | | |
| Objective 5 | Inculcate pedagogy and assessment in elementary education | |
| Curriculum, Pedagogy and Assessment in Elementary Education: - | | |
| <ul style="list-style-type: none"> b. Meaning and Principles of Curriculum development at Elementary Level c. National Curriculum Frameworks of Secondary Education, Common Core Curriculum d. Pedagogy Relevant at the elementary level e. Meaning and importance of assessment Continuous and Comprehensive Evaluation (CCE)and grading at elementary stage f. Sharing Performance with parents and community | | |
| Outcome 5 | Learn different pedagogy in Elementary Education and gain knowledge about assessment in elementary education. | K1 |
| Practicum (Dynamic Components):- Preparation of Educational thought of Mahatma Gandhi &Tagor – discussion on right to education - assignment on national curriculum framework – discussion on central government and state government role in elementary education- discussion on teaching strategies. | | |

| I - Semester | | | | | |
|--|---|----------------------------|----------|------------------|----------------|
| Discipline Specific Elective -2 | Course Code: 741502 | Secondary Education | T | Credits:4 | Hours:5 |
| Unit -I | | | | | |
| Objective 1 | understand the nature scope and systems of secondary and senior secondary education | | | | |
| Introduction to Secondary Education:- Nature, Scope, function and system of Secondary- status of secondary education – process of teaching- learning secondary students- specific and integrated subject of secondary learners- Universalization of Secondary Education □ Norms for Secondary Schools □ Structure, Approaches and Strategies for Secondary Education. | | | | | |
| Outcome 1 | Understand the modalities of secondary education. | | | | K2 |
| Unit-II | | | | | |
| Objective 2 | develop critical understanding about current status of Secondary education in India | | | | |
| Problems and Challenges of Secondary Education: -Problems and challenges related to universalization of secondary education-achievement of Equalization of Educational opportunities- issues of Quality in Secondary and senior secondary education- Classroom problems, discipline, under achievement, lack of motivation- Intervention in relation to Access, Enrolment, Dropout. | | | | | |
| Outcome 2 | Use various methods and techniques for the identification of training needs. | | | | K3 |
| Unit - III | | | | | |
| Objective 3 | learn the problems and issues of secondary education | | | | |
| Organizations, Institutions and Agencies in Secondary Education: - National level Organisations and Institutions in administration and management of □ secondary education - Ministry of Human Resource Development (CABE, CBSE, ICSE, NUEPA, NCERT (NIE, CIET, PSSCIVE & RIE, NIOS)- State level Organizations and Institutions in administration and management- SCERT- SIET-SIEMAT- District and sub district levels Organisations and Institutions in administration. | | | | | |
| Outcome 3 | Understand the organizations and agencies of secondary education and developing an understanding about various strategies of teacher's professional development. | | | | K4 |
| Unit - IV | | | | | |
| Objective 4 | state the organizations and agencies in secondary education | | | | |
| Secondary Teacher Educational management information system: - Structure and management of information system (MIS) school mapping at secondary level- course mapping at secondary level- types of media (Audios/Videos)- interactive technologies – teleconferencing E-Learning and Web 3.0-Role of IGNU and UGC. | | | | | |
| Outcome 4 | Gain knowledge about educational management system. | | | | K2 |

Unit - V

Objective 5 describe the educational management information system

Programmes and implementation strategies of Secondary Education: - Programmes and Strategies of Government of India implementation-improve access, enrolment, retention and quality of Secondary education RMSA for achieving Universalization of Secondary Education – programmes and strategies, □ its impact on quality enhancement National Vocational Education Qualification Framework (NVEQF) □ Role of authority and civil society groups in programme implementation.

Outcome 5 Learn the implementation strategies of secondary education.

K5

Practicum (Dynamic Components):-Brining the knowledge of the various elements offered by central and state government- guiding them to avail various schemes- solving the problem for better understanding of Education- implementation for program and strategies of Secondary Education.

| I - Semester | | | | | |
|---|---|-------------------------|----------|------------------|----------------|
| Discipline Specific Elective-3 | Course code: 741503 | Higher Education | T | Credits:4 | Hours:5 |
| Unit -I | | | | | |
| Objective 1 | Understand the historical evolution of higher education in India. | | | | |
| Evolution of Higher Education:- Evolution of Higher Education in pre and post-independence India -Role of Central and State Governments -Role of Higher Education in Nation Building. Quantitative Expansion of Higher Education: Growth in terms of Enrolment, Institutions and Finance - Qualitative Reforms in Higher Education. Role of Teacher Education institutions in reshaping the higher education system. | | | | | |
| Outcome 1 | Follow the significant role of higher education in the development of a nation | | | | K6 |
| Unit-II | | | | | |
| Objective 2 | Explore the characteristics of learners in higher education, effective teaching-learning methods. | | | | |
| Higher Education Teachers – Students:- Characteristics of Learners at higher education - Methods of teaching-learning in Higher Education - Need for evolving an ideal learning ecosystem - Integration of Information and Communication Technology in instruction - Social Media in Higher Education Learning-Technology and Cross border education - Open and online higher education - Teachers in Higher education- qualifications, Evaluation of teacher – (self-appraisal and appraisal by students) - Professional Development of Teachers - role of teachers in organizations and higher education institutions. | | | | | |
| Outcome 2 | Incorporate technology-enhanced learning. | | | | K4 |
| Unit - III | | | | | |
| Objective 3 | Examine global trends in curriculum reformation, choice-based credit systems. | | | | |
| Evaluation in Higher Education:- Global trends in curriculum reformation - Choice based credit and semester system – inter disciplinary and multi-disciplinary approach - Evaluation- Why What & How of Evaluation. Critical appraisal of the present evaluation system. Computer based and online. | | | | | |
| Outcome 3 | Update the various aspects of curriculum at higher education level | | | | K3 |
| Unit - IV | | | | | |
| Objective 4 | Analyze the issues of access, equity, and excellence in higher education, including the impact of MHRD's policies. | | | | |
| Expansions of Higher Education:- Issues of Access, Equity and Excellence - Resent trends in Higher Education – Role of MHRD in Higher Education - Regulation and Governance - Liberalisation, Privatisation and Globalisation - Technology and Higher Education - Indian Higher Education in the Globalisation Context - Issues and Challenges. | | | | | |
| Outcome 4 | Inculcate awareness on different policies on the development of higher education in our country. | | | | K5 |

Unit - V

Objective 5 Understand the internationalization of higher education, challenges in collaborations and research, and knowledge management.

Higher Education in International context:- Internationalization of Higher Education -Issues and Challenges -International Collaborations in Higher education and Research - Knowledge management in Higher Education – India as Knowledge capital - Major Legislative Initiatives - Regulating Authorities- Accreditation of Institutions for Higher learning - Financing of HE - RUSA and its functions.

Outcome 5 Involve in a research to supply both theoretical and practical inputs to solve the issues higher education. **K3**

Practicum (Dynamic Components):- Assignment on comparing Higher Education in pre and post-independence India. Identify the measures of Quantitative Expansion of Higher Education in terms of Enrolment. Observe the characteristics of learners at higher education. Mock certificate verification for the qualifications of teachers. Submitting appraisal report on the present evaluation system. Identify on spot Liberalisation, Privatisation and Globalisation issues in Access, and Equity. Appreciating Excellence of Technology in Higher Education. Make a mock Accreditation at department level.

| I - Semester | | | | | |
|---|--|--|----------|------------------|----------------|
| Core | Course Code: 741104 | Practical-1 Yoga and Health Education | P | Credits:2 | Hours:5 |
| Unit - I | | | | | |
| Objective 1 | Know the history of yoga and its applications | | | | |
| Introduction to Yoga:- Meaning of Yoga: Yoga as science, Yoga as art- origin and history of yoga; Yoga in Vethic period; after Vethic period - simplified kundalini yoga formulated by Sri Vethathiri maharishi - Comparison between Patanjali Yoga sutra and Thirumandiram- Yoga for modern age. | | | | | |
| Outcome 1 | Understand the need for Yoga in life | | | | K2 |
| Unit-II | | | | | |
| Objective 2 | Understand the physical structure and its functions | | | | |
| Physical Structure and its Functions:- Yoga - Purpose of life, philosophy of life. Physical structure- 3 forms of body - pain, disease, death - causes for disease. Method and limit in 5 deeds. Importance of physical exercise- Rules and regulation of simplified physical exercises- Hand exercise, leg exercise, breathing exercise - Eye exercise, kapalapathi- benefits - Maharasana, body massage, acu- pressure, body relaxation- benefits. | | | | | |
| Outcome 2 | Know the origin and history of yoga | | | | K2 |
| Unit - III | | | | | |
| Objective 3 | Apply meditation for the mental health | | | | |
| Meditation and Mental Health:- Mind and body - powers of mind – conscious, subconscious and unconscious mind – Thoughts – power of - Thought culture – Blessing (Vazhgavalamudan, Vazhgavaiyagam) – re-engineering different stages of mind; Various types of meditation, Akana, Thuriyam, shanthi, manipuraka, visukthi etc., - Electro Encephalogram (EEG)– Mental frequencies. | | | | | |
| Outcome 3 | Learn the methods of Yoga | | | | K2 |
| Unit - IV | | | | | |
| Objective 4 | Know the physiology benefits of Asanas | | | | |
| Benefits of Asanas:- Physiological benefits of pranayama – Mula bandha - Jalandhara bandha – Uddiyana bandha -Physiological benefits of mahamudra Keechhari mudra - viparitarakani mudra - Physiological benefits of shatkriyas – Neti – Dhauti Basti – Nauli – Trataka - Kapalabhati. | | | | | |
| Outcome 4 | Identify various types of meditation | | | | K2 |
| Unit - V | | | | | |
| Objective 5 | Know about the value of consciousness in everyday life. | | | | |
| Perfection in Consciousness:- Who am I – self-realization – god realization – order of function – fraction demands, totality supplies – merging with oneness; Cause and effect system – Law of Nature – awareness – Karma Yoga – duty consciousness – thankfulness – 10 principles of karma yoga – Love and compassion – services to humanity; Individual peace, Family peace and World peace. | | | | | |
| Outcome 5 | Visualize the physiological benefits of Pranayama | | | | K4 |
| Practicum (Dynamic Components):- Concept of Yoga and Health of human being yoga and disease - Different asana and its uses to health - Comparison ground exercises with yoga in rules to be followed while performing yoga - role of yoga for duty conscious - yoga for perfection yoga for beauty -yoga and meditation - yoga for peace. | | | | | |

I - Semester

| Core | Course Code: 741105 | Practical-2 Classroom Communication Strategies | P | Credits: 2 | Hours: 5 |
|---|--------------------------------|---|----------|-------------------|-----------------|
| <ul style="list-style-type: none">❖ Students are given assignment cum seminar to do perform on one classroom communication strategy.❖ Students will submit and get approval of the assignment. Further they will be presenting it in presence of all the students and staff.❖ A detailed information should be given by the students both in the assignment and presentation.❖ After the presentation is over, students should clarify the doubts and guidens raised by both staff and students.❖ Based on the performance of the students in both, the marks would be awarded. | | | | | |

| II - Semester | | | | | |
|---|--|---------------------------------|---|-----------|-----------|
| Core | Course code: 741201 | Advanced Educational Statistics | T | Credits:4 | Hours:5 |
| Unit -I | | | | | |
| Objective 1 | Convey the essential characteristics of a set of data by representing in tabular and graphical forms and computing relevant measures of average and measures of variation | | | | |
| <p>Descriptive Statistics – Quantitative Data:-Meaning of Statistics – Statistics as a Tool in Educational Research. Scale of measurement: Nominal, ordinal, Interval and Ratio –Normal and Frequency distribution, Graphical representation of Data.</p> <p>Measures of Central Tendency:-Mean, Median, and Mode –Calculation, Assumptions and Interpretation of measures of central tendency .</p> <p>Measures of Variability:-Concept - Range, Mean Deviation, Quartile Deviation and Standard Deviation.</p> <p>Correlation:- Pearson’s product moment correlation and Rank Correlation-Computation using Excel.</p> | | | | | |
| Outcome 1 | Understand the role of descriptive and inferential statistics a part of quantitative research methodology | | | | K2 |
| Unit-II | | | | | |
| Objective 2 | Explain or predict values of a dependent variable based on the values of one or more independent variables | | | | |
| <p>Inferential Statistics – I:-Hypothesis testing: Research and the null hypothesis - Statistical significance- degrees of freedom(t, f, Chi-square, and r) – computation of t-test independent, matched and student t-test- One tailed, and two tailed.</p> | | | | | |
| Outcome 2 | Perform statistical inference in several circumstances and interpret the results in an applied context | | | | K4 |
| Unit - III | | | | | |
| Objective 3 | Test specific hypotheses about populations based on their sample data | | | | |
| <p>Inferential Statistics – II:-Analysis of variance and Co-variance (ANOVA and ANCOVA) – concept, assumptions and uses – Analysis of Frequencies using Chi- square as test of goodness of fit and test of independence, Contingency coefficient and its uses - regression analysis– Non-Parametric statistics :assumption and uses of sign test, rank test and median test.</p> | | | | | |
| Outcome 3 | Perform and present findings from chi square analysis and simple linear regression | | | | K4 |
| Unit - IV | | | | | |
| Objective | Use appropriate procedures to analyse qualitative data | | | | |
| <p>Data Analysis in Qualitative and Mixed Research:-Meaningful Units to them esmemoing, Analysis of visual data, segmenting , coding and developing category systems, enumeration, identifying relationship among categories, constructing diagrams, corroborating and validating results.</p> | | | | | |
| Outcome 4 | Have a knowledge regarding analyze of visual data segmenting coding and validating the results. | | | | K2 |

Unit - V

Objective 5 | **Demonstrate competence in the use of statistical packages for analysis of data**

Computer for Data Analysis and preparation of Research Report:-Use of computer for data analysis – Knowledge of software for statistical analysis such as SPSS , SoS viewer, N6 etc.

Outcome 5 | **Develop competence in the use of SPSS clarifying and describing data as well as for inference** | **K3**

Translate Manipulate Exhibit Illustrate Calculate Interpret Practice
Apply Operate Interview Change Compute Sequence Solve
Collect Demonstrate Dramatise Construct

Practicum (Dynamic Components):-Mastery over the concept of Research – Differentiate the tradition methods with modern methods- construction and adaptation of instruments, Administration of questionnaire –Discussion and interpretation – proposal and report writing.

| II - Semester | | | | | |
|---|--|----------------------------|----------|-------------------|---------------|
| Core | Course Code: 741202 | Inclusive Education | T | Credits: 4 | Hours5 |
| Unit -I | | | | | |
| Objective 1 | To make the students to sensitize that the difference in birth is natural | | | | |
| Introduction to Inclusive Education:- Definition, concept and importance of inclusive education. Historical perspectives on education of children with diverse needs. Difference between special education, integrated education and inclusive education . Advantages of inclusive education in the context of RTE. Inclusive Education for Individual and Society. Historical perspective of Inclusive education in India & world. Concept of Inclusive Education and Models of Implementation. Lesson plan for inclusive practices. | | | | | |
| Outcome 1 | Sensitize that the difference in birth is natural | | | K2 | |
| Unit-II | | | | | |
| Objective 1 | Enable the students to imbibe the legacy of various acts on CWSN | | | | |
| Policy Perspective:- Recommendations of Indian Education Commission (1964-66).Scheme of Integrated Education for Disabled Children .Inclusive Education of Disabled at Secondary Stage (IEDSS).National Policy on Education (NPE, 1986-92). National Curriculum Framework, 2005 NCERT on inclusion .The Convention on the Rights of the Child (Article 23, 28, 29 a2, 3, 6 and 10 &12).The World Declaration on the Survival, Protection and Development of Children and the Plans of action (Outcome of the UNICEF World Summit for Children, (1990).Educational provisions in Person with Disability Act. Rehabilitation Council of India Act (1992).National Trust Act (1999).UN convention on the Rights of Persons With Disabilities. Promoting Inclusion Preventing Exclusion. The National Trust for the Welfare of Persons with Autism, Cerebral Palsy, Mental Retardation and Multiple Disabilities Act 1999. | | | | | |
| Outcome 2 | Carry the legacy of various acts on CWSN throughout his / her career. Suggested Activities: Solves problems, Demonstrates use of knowledge, Calculates, | | | K3 | |
| Unit - III | | | | | |
| Objective 3 | To prepare the students to involve themselves in the process of Normalization of special children | | | | |
| Children with Diverse Needs:- Definition, characteristics and remedial measures for the children with sensory : hearing, visual and physically challenged, intellectual: gifted, and mentally challenged children , developmental disabilities: autism, cerebral palsy, learning disabilities. Social and emotional problems , scholastic backwardness, underachievement , slow learners , environmental/ecological difficulties and children belonging to other marginal groups. | | | | | |
| Outcome 4 | Ensure the process of Normalization of special children | | | K4 | |

| Unit - IV | | |
|--|--|-----------|
| Objective 2 | To orient the students to promote the special children to be socially ,and economically efficient | |
| Teacher Preparation:- Importance of early detection, Functional assessment for development of compensatory skills. Role of teachers working in inclusive settings and resource teacher in developing and enriching academic skills for higher learning. Adaptations in instructional objectives , curriculum and co-curricular activities for meeting diverse needs of children from sensory, intellectual, learning disabled, rural, tribal, girls, SC /ST and linguistic and other minority groups. | | |
| Outcome 4 | Formulate the strategies to promote the special children in to be socially fit. | K6 |
| Unit - V | | |
| Objective 5 | To prepare the students to cope up with the process of integration and accommodation of special children in to the normal stream. | |
| Utilization of Resources:- Role of technology (Assistive Devices) for meeting diverse needs of learners. Types of services approaches, strategies, personnel involved and their specific roles and responsibilities. Creating conducive environment in inclusive schools : material resources and human resources, changing the attitude of the significant people, exploring and utilizing the services and resources available in the community. Managerial skills for mobilizing appropriate resources. Identifying required resources for children with varied special needs. | | |
| Outcome 5 | Enhance educational accommodation of special children | K5 |
| Practicum (Dynamic Components):- Internalising the concept of normalisation, economic efficiency, social independence and human relationship of CWSN-Introspection in the remedial measures of MRs - Possible interventions to the crippled children - preparation of the plus curriculum – Effective dealing with the behavioural problem children – Cull out the innovations in each act on CWSN. | | |

| II - Semester | | | | |
|--|---|--|----------|------------------------------|
| Core | Course Code: 741203 | Advanced Educational Technology | T | Credits:4 Hours:5 |
| Unit -I | | | | |
| Objective 1 | To enable the learner to understand the role of educational technology in education and explain the various approaches. | | | |
| Introduction to Educational Technology:- Educational Technology : Meaning, Definition, Need and Scope, Significance, Relevance- Technology of Education – Technology in Education – Role of teachers in the context of Educational technology – Hardware and Software in Educational Technology - Concept and characteristics of Multimedia Technology, Multimedia packages in teacher training. | | | | |
| Outcome 1 | Understanding concept and characteristics of multimedia technology in teacher training | | | K5 |
| Unit-II | | | | |
| Objective 2 | Develop competence in different techniques and approaches in communication process. | | | |
| Education and Communication:- System approach as a basic to Educational Technology– task analysis, Content analysis – Communication – Meaning, Definition, Types of Communication, Importance of Communication Process, Communication theories, Models of communication, Barriers to Communication- Principles of effective classroom communication, Communication – Mass media approach. FIA- Flander’s Interaction Analysis | | | | |
| Outcome 2 | To applying system approach as a basic to Educational Technology | | | K3 |
| Unit - III | | | | |
| Objective 3 | To acquaint the learner with the challenges and opportunities emerging in integrating new technology in Educational process. | | | |
| Instructional Design:- Instructional Design – Meaning, Concept, Need, relevance and Importance – Models of Teaching:- Meaning, Function and Types, New Methods of teaching – ADDIE model – Development Model – Concept Attainment Model – Advance Organizer model – Non–Directive Learning Model. Modalities of Teaching – difference between teaching and instruction, conditioning and training. | | | | |
| Outcome 3 | Analyzing the instructional design and models of teaching | | | K3 |

| Unit - IV | | |
|---|---|-----------|
| Objective 4 | To make the student familiar with new trends, techniques in education along with e- learning. | |
| <p>Audio – Visual Media in Education:- Audio- Visual media – Meaning, Needs, Importance, Advantages and Limitations – Audio- Video script writing, Educational radio- preparation and use of projected aids: Role of AIR, GYANVANI and SITE, Satellite based instruction GYAN DARSHAN – EDUSAT – e-learning /M-learning–web based Learning, Preparation and use of non- Projected aids- Types.</p> | | |
| Outcome 4 | Understanding the types of Audio-Visual Media in Educational Technology | K2 |
| Unit - V | | |
| Objective 5 | To enable the student to identify the use of computer packages in education become good practitioner of Educational technology and e-learning. | |
| <p>New Horizons of Educational Technology:- Text: Hypertext, Video text – Optical Fibre technology: Content Authorising tools - Procedure of Organizing teleconferencing and interactive Video Experience– Recent trends of research in educational technology – future of educational technology in India – Meeting the challenges in the digital age as globalization.</p> | | |
| Outcome 5 | Applying procedure of organizing teleconferencing and interactive video experience. | K4 |
| <p>Practicum (Dynamic Components)</p> <ul style="list-style-type: none"> ➤ Writing a simple script for media production. ➤ Instructional system based on components of system approach-Instructional design models. ➤ Preparation of a trend report on researches on Instructional design. ➤ Visit to local educational technology institute (BDU) to explore the various stages of media production. ➤ Visit to local TV/Radio station and analyzing the educational radio broad cast or TV telecast for quality and content. | | |

| II - Semester | | | | | |
|---|---|---------------------------------------|----------|------------------|----------------|
| Core | Course code: 741204 | Contemporary Teacher Education | T | Credits:4 | Hours:5 |
| Unit -I | | | | | |
| Objective 1 | Understand the concept, nature, and scope of teacher education, including the different types of teacher education programs and their curriculum structures at various levels. | | | | |
| Concept and Objectives of Teacher Education:- Meaning, Nature and Scope of Teacher Education; Types of Teacher Education Programs, The Structure of Teacher Education Curriculum and its Vision in Curriculum Documents of NCERT and NCTE at Elementary, Secondary and Higher Secondary Levels, -Privatization in Teacher Education. | | | | | |
| Outcome 1 | Understand the concept, needs of the education systems, objectives and privatization' teacher education. | | | | K2 |
| Unit-II | | | | | |
| Objective 2 | Analyze the need for continuing professional development of teachers. | | | | |
| Teacher Education in India:- Concept and need for continuing professional development of a teacher – areas of professional development. Purpose of pre service and in- service teacher education programme-different models/types – differences in their nature & purposes served (Orientation, refresher, workshop, Seminar, Symposium and Conference – their meaning and objectives) The structure for in-service teacher education–sub-district (BRCs and CRCs),district, state, regional and national level agencies and institutions. | | | | | |
| Outcome 2 | Comprehend and understand the contemporary teacher education in India. | | | | K2 |
| Unit - III | | | | | |
| Objective 3 | Examine the structure and curriculum of teacher education systems in India. | | | | |
| Structure and Curriculum of Teacher Education:- Structure of Teacher education systems in India-levels-types-Universalization of Secondary Education and its implications for teacher educator-Preparing teachers for different contexts of school - Vertical mobility of a school teacher at secondary level. | | | | | |
| Outcome 3 | Acquaint the structure and curriculum of teacher education at different level. | | | | K2 |
| Unit - IV | | | | | |
| Objective 4 | Explore various instructional techniques used in teacher education, such as seminars, workshops, team teaching, and field studies. | | | | |
| Instructional techniques:- Nature, assumption, relevance to objectives of the techniques- seminar-symposium-panel discussion-workshop-Team teaching-TLM- Programmed Learning-supervised Lecture-cum-Demonstration- Tutorials- Field study- Brain Storming- Buzz Group. | | | | | |
| Outcome 4 | Utilize the instructional techniques. | | | | K3 |

Unit - V

| | | |
|---|---|-----------|
| Objective 5 | Evaluate the qualities and challenges of an effective teacher educator, discuss professional ethics and code of conduct for teacher education. | |
| Professional Development in Teacher Education:- Need and modalities for continuing professional development of a teacher - Qualities and challenges of an effective Teacher Educator - Professional ethics and code of conduct for Teacher education - Planning in-service Teacher Education programmes for Teachers at Secondary stage - Designing and organizing an in-service Teacher Education programme – Quality Enhancement for Professionalization of Teacher Education, Innovation in Teacher Education. | | |
| Outcome 5 | Understand the concept of quality enhancement for professionalization. | K2 |
| Practicum (Dynamic Components):- Analyze the best tool to understand a educational concept taught to teacher – efforts to understand education effectively - strategies for the overall minimum development in the class. | | |

| II - Semester | | | | | |
|--|--|---|----------|------------------|----------------|
| Discipline Specific Elective-4 | Course Code: 741504 | Early Childhood Care and Education | T | Credits:4 | Hours:5 |
| Unit -I | | | | | |
| Objective 1 | To understand the need and significance of early childhood care and education understand the policy of ECCE. | | | | |
| Human Growth and development: - Meaning and objectives of Early childhood care and education. Need and scope of early childhood care and education- Methods of studying child behavior and development (observation, Experimental, case study) | | | | | |
| Outcome 1 | Understand the need and significance of early childhood car and education | | | | K2 |
| Unit-II | | | | | |
| Objective 2 | To develop the knowledge and skills for research and evaluation of ECCE and training program. | | | | |
| Goals of Early Care and Learning:- Introduction- Domains of Development-Birth–Three -Six Years-Pedagogical Approaches to Principles of Programme planning-Guiding Principles of Programme Planning Three Years-Suggestive Developmentally Appropriate Practices for Birth to Three years-Suggestive Developmentally Appropriate Practices for Three to Six years. | | | | | |
| Outcome 2 | Understand the quality dimensions i.e. Curriculum, Programmes and work force for early childhood and care and education | | | | K2 |
| Unit - III | | | | | |
| Objective 3 | Describe the methods and approaches for classroom transactions. | | | | |
| Programme Planning and Practices:- Early Learning Environment- Setting up and Early Years Classroom- Learning/ Activity Centre- Essential Learning and Play Material- Indoor Materials- Outdoor Materials- Assessing Children’s Development and Learning- Addressing Concerns Related To Early Learning- Innovative Methods And Approaches For Classroom Transactions. | | | | | |
| Outcome 3 | Learn the methods and approaches for classroom transactions. | | | | K5 |
| Unit - IV | | | | | |
| Objective 4 | Comprehend the critical issues, and policy implication of Early childhood care and education | | | | |
| Critical Issues, Social Realities, and Policy Implication:- Introduction -Societal Divides: Equity, Access, and Quality- Crèches and Day-care Centre- Private Sector- NGO Sector- Qualitative Picture of the ECCE Scenario- The Public Sector- Current Practices in ECE in the Private Sector- Risks of Early Instruction- Ensuring Quality for All- Developing Norms and Standard - Advocacy: Empowering the Parents, the Family, and the Community. | | | | | |
| Outcome 4 | Understand the policy perspectives on early childhood and education in India and World. | | | | K4 |

Unit - V

Objective 5 Understand the contributions of thinkers of ECCE.

Childhood Needs, Care and Education:- Contributions and writings of thinkers such as Tagore, Gandhi, Gijubhai Badheka Montessori, Froebel and Tara Bai Modak for childhood and early education - Different kinds of early childhood settings and the role of care givers for meeting the needs of children in crèches, anganwadis, balwadis, fee paying ECCE centres - Evolving and changing nature of early education and ECCE centres Ethnic differences in the ECCE classrooms and building childhood identity by linking diversity of dress, food, celebrations songs and dance.

Outcome 5 Gain the contributions of thinkers and understand the critical issues and policy implication of early childhood care and education. K4

Practicum (Dynamic Components):- Need and significance of personnel involved in ECCE programme-status and nature of training programmers-pre-service & in-service – a critical evaluation- issues, concerns and problems-areas of research studies in ECCE – evaluation of ECCE programmes-methods and implications.

| II - Semester | | | | | |
|---|--|--|----------|-------------------|----------------|
| Discipline Specific Elective-5 | Course code: 741505 | Curriculum Design and Development | T | Credits: 4 | Hours:5 |
| Unit -I | | | | | |
| Objective 1 | To make the students to identify the components, concept and scope of curriculum. | | | | |
| Curriculum – Introduction:- Meaning and concept of curriculum-Curriculum as a body of organized knowledge- inert and live curriculum- Components of Curriculum: Objectives, content, transaction mode and evaluation- Philosophical, sociological, psychological, religion, political and economical bases of curriculum - Principles: Integration ,Relevance, flexibility, quality, contextuality and plurality. | | | | | |
| Outcome 1 | Get an insight over the component and principles of curriculum. | | | | K1 |
| Unit-II | | | | | |
| Objective 2 | To enhance learners to describe and analyse various approaches, and determinants to curriculum development. | | | | |
| Approaches and Types to Curriculum Development:- Approaches: subject - centred, learner - centred, community - centred and Activity – centred, curriculum -Curriculum Frameworks of School Education and Teacher Education - Humanistic Curriculum: characteristics, purpose, role of the teacher –Social reconstructionist curriculum: characteristics, purpose, role of the teacher. | | | | | |
| Outcome 2 | Examine to adopt suitable approaches to curriculum development | | | | K5 |
| Unit - III | | | | | |
| Objective 3 | To enable the learners to select and infuse suitable model in the curriculum designing process. | | | | |
| Models of Curriculum Development:- Process vs Product model - Tyler’s(1949) model - Hilda Taba (1962) model – Alexander & Sail model - MalkanSkilberk (1976) model- Wheeler model (1967) - Outcomes–Based model - Discussion on intervention model - Vocational/Training model - with special reference to analysis of needs, selection of objectives, selection and organisation of content/learning experiences and evaluation. | | | | | |
| Outcome 3 | Select and infuse suitable model in the curriculum designing process. | | | | K3 |
| Unit - IV | | | | | |
| Objective 4 | To make the learners to adhere various guiding principles for selection and organisation of learning experiences. | | | | |
| Selection and Organization of Learning Experiences:- Principles and criteria for developing learning experiences - Designing integrated and interdisciplinary learning experiences- Integration of learning experience related to work experience- sensitivity to gender parity- peace oriented values- health and needs of children with disabilities- arts and India’s heritage of crafts- Infusion of environment related knowledge and concerns in all subjects and levels- local history and geography. | | | | | |
| Outcome 4 | Explore various guiding principles for selection and organization of learning experiences. | | | | K4 |

Unit - V

| | |
|--------------------|---|
| Objective 5 | To prepare the students to address various issues in curriculum development. |
|--------------------|---|

Issues in Curriculum Development:-Centralized vs. decentralized curriculum - Diversity among teachers in their competence -Problem of curriculum load - Participation of functionary and beneficiaries in curriculum development – NCF - BSCS – PSCS and Curriculum studies of different subject.

| | | |
|------------------|--|-----------|
| Outcome 5 | Arrive solution to the issues of curriculum development | K6 |
|------------------|--|-----------|

Practicum (Dynamic Components):-Construction of curriculum-Types of curriculum-Preparation of different types of curriculum in subject concerned-Comparison of curriculum and syllabus-Curriculum charges and its approaches-Need based curriculum- Curriculum evaluation—types of evaluation-models of curriculum evaluation.

II - Semester

| | | | | |
|-------------|--------------------------------|-----------------------------------|-------------------|----------------|
| Core | Course Code: 741205 | Institutional Visit Report | Credits: 2 | Hours:2 |
|-------------|--------------------------------|-----------------------------------|-------------------|----------------|

The students shall undergo Internship / industrial training in the reputed organizations for minimum of two weeks to acquire industrial knowledge during the summer vacation of second semester. The students have to find industry related to their discipline (Public limited/Private Limited/owner/NGOs etc.,) in consultation with the faculty in charge/Mentor and get approval from the Head of the Department and Departmental Committee before going for an internship / industrial training.

Format to be followed for Internship report

The format for internship report to be followed by the student are given below

➤ **Format of the title page**

Title of internship report

Internship report submitted in partial fulfillment of the requirement for the Master of Education to the Alagappa University, Karaikudi -630003.

By
(Student Name)
(Register Number)

University Logo

Department of _____

Alagappa University

(A State University Accredited with "A+" grade by NAAC (CGPA: 3.64) in the Third Cycle and Graded as Category-I University by MHRD-UGC, 2019: QS ASIA Rank- 216, QS BRICS Rank-104, QS India Rank-20)

Karaikudi - 630003

(Year)

➤ **Format of certificate**

(Faculty in-charge)

This is to certify that the internship report entitled "-----"

| III - Semester | | | | |
|--|--|--------------------------------------|---|----------------------|
| Core | Course code: 741301 | Emerging Trends in Teacher Education | T | Credits:4 Hours:5 |
| Unit -I | | | | |
| Objective 1 | Understand the concept and importance of teacher education institutions. | | | |
| Institutions of Teacher Education:- Concept, Needs, Importance, and Types of Teacher Education Institution- Role of Teacher Education Institutions, Quality Parameters in Teacher Education Institutions; Agencies of Quality Assurance in Teacher Education, - Action plan for Enhancing Quality of Teacher Education. | | | | |
| Outcome 1 | Understand the Needs, Importance, and Types of Teacher Education Institution. | | | K2 |
| Unit-II | | | | |
| Objective 2 | Examine the various reforms in teacher education, including the centrally sponsored schemes, networking institutions, and the use of ICT in teacher education. | | | |
| Reforms in Teacher Education:- Centrally sponsored scheme for reconsuming and strengthening teacher education; IASEs, CTEs, DIETs-networking institutions like UGC, NCERT, NCTE, NUEPA, SCERT, SIEMAT, CIET, SAMAGRA SHIKSHA ABHIYAN and RCI –Uses of ICT in teacher Education- Teachers Diary-School experience programme (SEP). | | | | |
| Outcome 2 | Understand the reforms in Teacher Education. | | | K2 |
| Unit - III | | | | |
| Objective 3 | Analyze the relationship between education and morality in the context of the 21st century. | | | |
| Education and Morality: The 21st Century Context:- Education and Morality : Morality and Religion in the present scenario - socio, political philosophy- tolerance - Peace- unity- patriotism- non-violence- religion, ethics and philosophy – Code of ethics for Teacher Educators. | | | | |
| Outcome 3 | Understand the present scenario of the Morality and Religion. | | | K2 |
| Unit - IV | | | | |
| Objective 4 | Explore the evolving role of Indian teachers in the 21st century, such as motivators, guides, organizers, makers of future generations, facilitators, guardians, peace lovers, technicians, and social engineers. | | | |
| Indian Teacher – The 21st Century Context:- Motivator and Guide- Teacher as an Organiser - Teacher as a maker of future generation-Teacher as an Facilitators - Teacher as a Guardian - Teacher as a peace lover –Teachers as a Technician –Teacher as a social engineer -Teacher as an all-round personality. | | | | |
| Outcome 4 | Understand the multifaceted role of an Indian teacher in the 21st century. | | | K2 |

Unit - V

| | |
|--------------------|--|
| Objective 5 | Identify and address the issues and problems in teacher education, and critically evaluate the recommendations of various education commissions and bodies. |
|--------------------|--|

Issues and Problems of Teacher Education:- Teacher Education- problems- measures,- Suggestions,-SolutionsandRecommendationsofsecondaryEducationCommission(1952-53)- Recommendations of Kothari commission (1964 -66) - Recommendations of the Indian Association of Teacher Education (IATE,1965) - Recommendations of National Council of Teacher Education NCTE - NNPE (New National Policy on Education) – 2015.

| | | |
|------------------|---|-----------|
| Outcome 5 | Understand the issues and problems in Teacher Education. | K2 |
|------------------|---|-----------|

Practicum (Dynamic Components):- Various teacher education programmes and comparison merits & demerits practice various mode of transaction teacher-students relationships Internship programmes-importance preparation of teachers for special school comparing teacher education programmes of different countries comparing teacher education programmes of pre and post-independence.

| III - Semester | | | | | |
|--|---|-------------------------------|----------|------------------|----------------|
| Core | Course code: 741303 | Educational Evaluation | T | Credits:4 | Hours:5 |
| Unit -I | | | | | |
| Objective 1 | To prepare the students to choose appropriate item according to the objective of the test. | | | | |
| Testing: Concept, and Practices: Meaning and concept, and Need and uses of testing. Types of Tests: a. Psychological tests b. Teacher made test, Standardized test c. Reference test- Criterion reference test, Norm reference test. d. Diagnostic test. Factors Influencing Test Scores: Psychological Factors, Environmental Factors. | | | | | |
| Outcome 1 | Construct different types of tests. | | | K6 | |
| Unit-II | | | | | |
| Objective 2 | To sensitise the learners in applying all the three domains in testing process | | | | |
| Assessment of Assessment – Meaning, nature, perspectives (assessment for Learning, assessment of learning and Assessment as Learning) - Types of Assessment (Placement, formative, diagnostic, summative). Relations between objectives and outcomes, Assessment of Cognitive (Anderson and Krathwohl), Affective (Krathwohl) and psychomotor domains (R.H. Dave) of learning. | | | | | |
| Outcome 2 | Adapt all the maximum three domains in all testing process | | | K3 | |
| Unit - III | | | | | |
| Objective | To enable learners to embed the principles to examination and evaluation work in all evaluation process. | | | | |
| Techniques and Tools: Planning and organizing testing programmes. Qualities of a good test. Use of tools and techniques such as observation, rating scale, check-list, anecdotal records, attitude scales, interest inventories, and interviews. Self-assessment by students and by teachers, peer assessment, Assessment of curricular activities; assessment of content knowledge through activities and experiments, assessment of laboratory skills. Types of test items, Preparation of Subjective and Objective test items: Nature, Characteristics, Advantages and Limitations of Essay Test, Objectives Test, Performance Test and Oral Test. | | | | | |
| Outcome 3 | Excel in preparing appropriate item according to the objective of the test. | | | K1 | |
| Unit - IV | | | | | |
| Objective 4 | To ensure the linkage of educational objectives and assessment objectives in all educational process. | | | | |
| Measurement and Evaluation: Concept, and functions of measurement and evaluation. Types of evaluation – formal, informal, oral, written, formative and summative. Relationship between educational objectives, learning experiences, and evaluation. Construction of an Achievement Test: the Blueprint, the Pre-try-out, the try-out, Item analysis, final form of an Achievement Test. Standardization of an Achievement Test: Validity and Reliability and Setting up Norms. | | | | | |
| Outcome 4 | Cement the educational objectives and assessment objectives together. | | | K4 | |

Unit - V

| | |
|--------------------|---|
| Objective 5 | To make the learners to implement the educational evaluation reforms time-to-time. |
|--------------------|---|

Assessment and examination reforms: Assessment of different tests, Interpretation of Test Scores: qualitative and quantitative. Grading, Marking and Credit System, Question Bank, Remedial, and Internal Assessment. Moderation, and revaluation. Feedback Devices, Assessment of Portfolios, Reflective Journal, Rubrics, CBCS, Continuous, Comprehensive Evaluation, e-Assessment: Teacher Prepared ICT Resources.

| | | |
|------------------|---|-----------|
| Outcome 5 | Bring out innovative ideas in the examination pattern. | K6 |
|------------------|---|-----------|

Practicum (Dynamic Components):-Learning to use different tools of measurement and evaluation- – Analyse which characteristics of a tool is best – establish the purpose of each type of assessment – Identifying the possible measures to use the reforms of assessment – Standardizing a tool.

| III – Semester | | | | | |
|---|---|------------------|---|-----------|-----------|
| Core | Course code: 741304 | ICT in Education | T | Credits:4 | Hours:5 |
| Unit -I | | | | | |
| Objective 1 | Understand the scope of ICT and its applications in teaching learning. | | | | |
| Information and Communication Technologies – an Introduction:- Nature and scope of a communication system – sender, receiver, message and the medium- one-to-one, one-to- many, and many-to-many communication- broadcast and non-broadcast applications – Information and Communication Technologies in Teaching Learning: Teaching learning contexts and the need for ICT devices and applications- ICT in classroom– ICT in Distance Education – ICT for Professional Development and ICT for Institutional Management. | | | | | |
| Outcome 1 | List out the Computer fundamentals: hardware and Software, Introduction to personal Computer. | | | | K1 |
| Unit -II | | | | | |
| Objective 2 | Know the instructional applications of Internet and web resources. | | | | |
| Internet and Web:- Internet: meaning, concept, need and significance- Basic Services - World Wide Web -Using search engines and Web Utilities: Keywords and search strategies- Synchronous and synchronous communication on the web: e-mail, chat, newsgroups and forums. | | | | | |
| Outcome 2 | Explain the Internet and World Wide Web, Information, Service and function of the Internet and the web. | | | | K2 |
| Unit -III | | | | | |
| Objective 3 | Understand E-Learning, its nature, dimensions, modes and technologies. | | | | |
| e- Learning:- E-Learning: Meaning, Concept, Importance, Strengths and Limitations Elements and Dimensions of E-Learning - E-Learning Technologies: LMS, CMS - Virtual Learning: Virtual Classroom/Virtual University, Virtual Instrumentations Virtual Labs- Merits and Limitations - Security Concerns Related to Interactive Content: Viewing, disabling and managing interactive content. | | | | | |
| Outcome 3 | Explain the LMS, CMS. | | | | K2 |
| Unit IV | | | | | |
| Objective 4 | Understand the process of using the application software for creating documents, database, presentation and other media applications | | | | |
| ICT Applications In Education:- TPACK and skills- Web Tools: Web 1.0,Web 2.0,Web 3.0– Blogs, Wikis, Web Quests, RSS, Tagging, Book marking. Social Media in learning-Academic Social Networking Sites: Academia, LinkedIn, - Models and theories for M-Learning – M-Learning in and across formal and informal settings- Enabling m-Learning technologies (Handheld Devices, PDA, Digital Notebooks, Mobile Phones and Tablet, PCs), Applications and Uses: Windows, Mac, Android. | | | | | |
| Outcome 4 | Evaluate models and theories for m-learning. | | | | K6 |

Unit V

Objective 5 Appreciate the role of e-resources in education.

E-Resources and E-Content Development:- E-Resources: Meaning, Concept, Importance, Advantages and Limitations-Types of e – Resources – Forms of Digital information- On – Line Libraries –On – Line Journals and Abstraction Services Full Text Databases – Gateways and Portals, E-theses Library, E- Resources in Indian Education : UGC – INFLIBNET,UGCINFONET,ERNET,DELNET,E–JournalConsortium,NPTEL,UGC–CEC. E–Content Development – Meaning, Need and Significance – Types and Forms of e- Content – Short Learning Objectives – Modules.

Outcome 5 Organize E-resources in Indian Education..

K5

Practicum (Dynamic Components)

- Creation of Blog
- Member of any one Content Management System.
- Demonstrating a web tool:1.0, 2.0,and 3.0
- Developing a E-content
- Visiting resource centers
- Mobile learning Class

| III - Semester | | | | | |
|---|--|--|----------|-------------------|----------------|
| Discipline Specific Elective-7 | Course code: 741507 | Educational Management and Administration | T | Credits: 4 | Hours:5 |
| Unit - I | | | | | |
| Objectives 1 | Understanding the fundamental concepts of educational management | | | | |
| Educational management: concept, nature and scope, difference between administration and management, Characteristics of good management, Process of Educational management, Management at different levels-elementary, secondary, higher education. | | | | | |
| Outcome 1 | Understanding the fundamental concepts of educational management | | | | K2 |
| Unit-II | | | | | |
| Objective 2 | To learn the managerial process and concept of SWOT, PERT , CPM analysis. | | | | |
| Modern Trends in Educational Administration Managerial process and its importance, Planning: process and means, Organizing: process and means, Controlling and staffing: process, means and new practices, group dynamics and motivation. Implementing and decision making: process and means, SWOT analysis: concept and process, Application of SWOT analysis at various levels of education Concept of PERT and CPM, Cost-benefit and cost-efficiency analysis in education, Participation of stakeholders in educational management, Promoting need based educational programmes. | | | | | |
| Outcome 2 | Analyse the modern trends in educational administration | | | | K2 |
| Unit - III | | | | | |
| Objective 3 | To know the relationship between Administration and Management in Education | | | | |
| Educational Supervision and Administration Introduction Concept, aims, principles and changing views of Educational Supervision Techniques of supervision -Educational supervision and Human Relation School inspection, Application of educational management in academic areas, Application of educational management in administrative areas. - Quality management in education: Challenges, Total quality management, Time management, Quality improvement issues in higher education. IQAC in higher education institutions, Professional Learning Community (PLC) in Education, IIEP as an Apex body in Educational planning and management. | | | | | |
| Outcome 3 | Understand the application of educational management in academic area | | | | K2 |
| Unit - IV | | | | | |
| Objective 4 | To get knowledge on adapting appropriate Models of leadership | | | | |
| Leadership in Educational Administration: Meaning and Nature, Approaches to leadership: Trait, Transformational, Transactional, Value based, Cultural, Psychodynamic and Charismatic, Models of Leadership (Blake and Mouton's Managerial Grid, Fiedler's Contingency Model, Tri-dimensional Model, Hersey and Blanchard's Model, Leader-Member Exchange Theory) | | | | | |
| Outcome 4 | Acquire knowledge on adapting appropriate Models of leadership | | | | K3 |

Unit - V

Objective 5 | To know the sources of income for financing educational at central and state level

Financing in Education Introduction Sources of income for financing educational at the Central and State level, Grant-in-aid system Types of Grant-in-aid Educational Planning Need for Educational Planning Goals of Educational Planning Priorities of Educational Planning Administrative organization of Education with special reference to Tamilnadu.

Outcome 5 | **Compare the sources of income for financing educational at central and state level** | **K5**

Practicum (Dynamic Components):-Human Resource Planning – Characteristics – Need for planning – HRP Process – Job analysis – Job design – Job description – Job specification; The Selection Process – Placement and induction – Training and development – Promotion – Demotions – Transfers– Separation. Employee Maintenance andIntegration–Welfareandsafety– Accidentprevention–Administrationofdiscipline– Employee motivation – Need and measures. Fringe benefits – Job evaluation systems – Wage and salary administration in relation to personal taxation.

| III - Semester | | | | | |
|---|---|--------------------------------|----------|------------------|----------------|
| Discipline Specific Elective-8 | Course Code: 741508 | Environmental Education | T | Credits:4 | Hours:5 |
| Unit -I | | | | | |
| Objective 1 | To comprehend about the field of Environmental Education (EE). | | | | |
| Environmental Education: An Introduction:- Environmental Education: Definition- Goals- Objectives and guidelines - Origin of Environmental Education. - Pre requisition for a successful environmental education - Issues related to environmental education. | | | | | |
| Outcome 1 | To creating origin of Environmental Education and issues related to Environmental Education | | | | K3 |
| Unit-II | | | | | |
| Objective 2 | To develop Environmental Education curriculum at various levels of Education. | | | | |
| Environmental Education Curriculum:- EE Curriculum - need and significance -scope and sequence of Environmental education curriculum -Role of NCERT-UGC and educational institutions in developing Environmental Educational Curriculum - Approach to curriculum planning and Development Environmental Education at various levels of Education -Development of Environmental Curriculum in India. | | | | | |
| Outcome 2 | Applying the approach to curriculum planning and development environmental education at various levels of education | | | | K5 |
| Unit - III | | | | | |
| Objective 3 | To get awareness on culture and environmental crisis. | | | | |
| Culture –Environmental Nexus:- Environmental crisis - Science, Technology and Environmental crisis -cultural values and Environment. Major environmental problems in India – Need and objectives of conservation – Environmental conservation measures taken in India – Constitutional amendments made and Environmental laws | | | | | |
| Outcome 3 | Understanding the environmental movements and International efforts for environmental protection | | | | K2 |
| Unit IV | | | | | |
| Objective 4 | To develop environmental education (EE) curriculum, teaching methods and evaluation procedures for students at various levels of school education, teacher education and non-formal education. | | | | |
| Environmental hazards and pollution:- Meaning and definition of Environmental hazards and pollution – Types of environmental hazards and disaster – Types of pollution: Land, Air, Water, Noise, and Radiation- Green house effect- Ozone layer depletion. Need for environmental management – function and characteristics- dimensions of environmental management. Factors responsible for flora and fauna extinction – Measures to conserve flora and fauna.- causes for forest fire- measures of prevention. | | | | | |
| Outcome 4 | Evaluating types of environmental hazards and disaster | | | | K4 |

Unit - V

Objective 5 | **To know the environmental disasters and their protection.**

Environmental Movements and International Efforts for Environmental Protection:-

Environmental movements in India: Silent Valley movement, Chipko movement, Narmada Bachao, Andolon, National Test Range at Baliupal, Orissa –conditions for achieving the goals of sustainable development – Strategies for sustainable development in India. The Stockholm conference 1972 – Brundtland commission 1983 – Nairobi conference 1982 – The Rio Summit 1992 – the Rio Declaration at the earth charter – Major achievements of the Rio Summit – Main features of the Rio Declaration – Kyoto conference and part on Global Warming 1997.

Outcome 5 | **Analysing environmental movements and international efforts for environmental protection** | **K3**

Practicum (Dynamic Components)

- Visit to a local area to document environmental assets-river/ Forest / grassland / hill / mountain.
- Visit to a local polluted site-Urban / Rural / Industrial /Agricultural.
- Study of common plants, insects, birds.
- Study of simple ecosystems-Pond, river, hill, slopes, etc.,

| III - Semester | | | | | |
|---|---|------------------------|---|-----------|-----------|
| Discipline Specific Elective-9 | Course Code: 741509 | Human Rights Education | T | Credits:4 | Hours:5 |
| Unit -I | | | | | |
| Objective 1 | To enable the student – teacher know the concept of human rights education and their significance. | | | | |
| Human Rights Education – an Introduction:- Human Rights Education – Meaning – Concepts – Need – Significance – Scope – Types – Rights of Children and Juveniles – Rights of Women – Rights of Aliens – Rights of Prisoners – Rights of Indigenous Peoples – Rights of Workers – Political Rights – Economic, Social and Cultural Rights – Approaches to teach Human Rights Education: Direct approach – Indirect approach – Implicit approach. | | | | | |
| Outcome 1 | To Creating Human Rights concepts and Human Rights Education | | | | K3 |
| Unit-II | | | | | |
| Objective 2 | To enable the student – teachers know the various organizations and their work in the direction of human rights education. | | | | |
| Historical, Philosophical, Psychological and Sociological Perspectives of Human Rights Education:- Magna Carta (Bill of Rights) of England (1215) – United Nation Organisation Declaration of Human Rights (1948) – Vienna Declaration (1993) – Indian Constitution (1995 – 2002) – Pre-Independence and Post-Independence period – Human Rights Concept of Indian Philosophers and Reformers: Mahatma Gandhi – Rabindaranath Tagore – Periyar EVR – Ambedkar – Western Philosophers Reformers – Nelson Mandela – Martin Lather King – Karl Marx – Mother Theresa – Personality Development – Analytical Thinking and Creativity – Need Satisfaction Theory – Awareness – Unity – Values – Equality – Justice – Liberation – Social Problems – Approaches and Solutions. | | | | | |
| Outcome 2 | Understanding the Human Rights concept of Indian and western philosophers and reformers. | | | | K5 |
| Unit - III | | | | | |
| Objective 3 | To enable the student – teachers acquire the ability to implement the Human Rights Education Programme (HREP). | | | | |
| Promoting Human Rights Education:- Education for International Understanding – Cooperation – Peace Making – Human Morale – Human Unity – Human Tolerance – Human Culture – Promoting Human Rights Education – Activities – Games – Group Discussion – Brain Storming – Special Lectures – Role Play – StoryTelling – Dramatization – Songs – Debate – Street Plays – Puppet Shows – Folk Songs – Folk Dramas – Exhibitions and Competitions – Research Activities – Publications – Video Programmes – Essay – Drawing – Seminars – Symposia – Workshop – Panel Discussions – Value Awareness Programmes – Through Camps – Mass Media – Print Media and Voluntary Organization – State and National Human Rights Commission. | | | | | |
| Outcome 3 | To applying promoting Human Rights Educational activities | | | | K4 |

Unit - IV

| | |
|------------------|---|
| Objective | To enable the student – teachers know research innovations regarding effective implementation of human rights education. |
|------------------|---|

Human Rights Violations and Remedies:- Denial of Basic Human Rights – Prejudicial Environments – Prejudices – Ignorance – Evil Deeds – Social Disparities – Social Discriminations – Anti-Social Activities – Human Rights Violations in Religions – Human Rights Deprivations – Racial Discrimination – Social Injustice – Illegal Arrests – Murders – Dowry – Violation among Tribes and Dalits – Bonded Labourers – Child Labour – Elements Prejudicial to Human Rights Practices in Schools – Revisiting of Indian Constitution with reference to Human Rights – Critical review of Human Rights in Globalized world.

| | | |
|------------------|---|-----------|
| Outcome 4 | Analysing Human Rights violations and remedies | K3 |
|------------------|---|-----------|

Unit V

| | |
|--------------------|---|
| Objective 5 | To enable the student – teacher to equip with different skills, to adopt the method and to prepare teaching materials related with the human rights education. |
|--------------------|---|

Extension Activities of Human Rights Education:- Meeting People in the Society – Identifying Human Rights Violations – Practical Guidance to Rescue People – Restoring Fundamental Rights Through NSS Activities.

| | | |
|------------------|--|-----------|
| Outcome 5 | Remembering critical review of Human Rights in Globalized world | K3 |
|------------------|--|-----------|

Practicum (Dynamic Components):-

1. Compilation of articles / papers on human rights
2. Compilation of Stories, poem related to human rights
3. Moral values scale
4. Personal values questionnaire
5. Comprehensive value scale
6. Compilation of news items of human rights violations
7. Membership in human rights activities
8. Organising services on human rights inviting judges to increase human rights awareness of the students.

| II - Semester | | | | | |
|---|--------------------------------|---|----------|-----------------------|----------------|
| Core Practical-4 | Course Code: 741305 | Preparation of Research Proposal | P | Credits: 2 | Hours:2 |
| <ul style="list-style-type: none"> ❖ Each student should prepare a research proposal on any one topic in detail. ❖ All students should present it in front of staff and students of the M.Ed. class in Power Point Mode. ❖ Staff and students are questions in each expect of the proposal. ❖ Based on the performance of the students, marks would be awarded. ❖ Preparation of research proposal in the third semester in order to develop awareness, research attende and an advance training to do their M.Ed project work in the fourth semester. | | | | | |

| IV - Semester | | | | | |
|---|--|---------------------------|---|---------------|-----------|
| Core | Course code: 741401 | Peace and Value Education | T | Credits: 4 | Hours:5 |
| Unit - I | | | | | |
| Objective 1 | Understand the concept, scope, and objectives of peace education. | | | | |
| Peace Education :- Meaning- Definition – Concept – Scope, Aim and Objectives of Peace Education -- Different Levels of Education - Human Miseries in the Modern world and quest for peace - Gandhian concept of peace - Different approaches to peace - Establishment of peace education institutions - Pacifism and Education. | | | | | |
| Outcome 1 | Understand the Gandhiji's contributions to peace movement. | | | | K2 |
| Unit-II | | | | | |
| Objective 2 | Examine the historical development of peace education, including its curriculum development and the role of international organizations and NGOs in promoting peace. | | | | |
| Education for Peace and Historical Development of Peace Education:- Concept and meaning of Education for peace - Curriculum Development of Education for peace - Stage specific approach- Early childhood - Elementary stage - Secondary stage - Higher Education stage- Adult Education stage. Creation of United Nations- Creation of UNESCO, UNICEF, UNO-UNDP, UNEP, UNHRC - Amnesty International, International Committee of Red Cross and NGOs -Peace Education in India and its development - Gandhiji's contributions to peace movement. | | | | | |
| Outcome 2 | Understand the Some Important Organisations in the world peace; viz., UNESCO, UNO, NAM, SAARC, G-8, G-20, NATO, ASEAN Theosophical Movement and communal harmony for peace. | | | | K2 |
| Unit - III | | | | | |
| Objective 3 | Explore the concept of values in education, their classification, sources, and the role of education. | | | | |
| Education and Values:- Definition, Concept, Classification, Theory, Criteria and Sources of values - Aims and objectives of value education - Role and Need for value education in the contemporary society - Role of education in transformation of values in society - Role of parents, teachers, society, peer group and mass media in fostering values - Teaching approaches and strategies to inculcate values through curricular and co-curricular activities. | | | | | |
| Outcome 3 | Understand the need and importance of value education. | | | | K2 |
| Unit - IV | | | | | |
| Objective 4 | Analyze the significance of value education towards national and global development. | | | | |
| Value Education towards National and Global Development:- Constitutional Values: Sovereign, Democracy, Socialism, Secularism, Equality, Justice, Liberty, Freedom, Fraternity - Social Values: Pity and Probity, Universal Brotherhood. - Professional Values: Knowledge Thirst, Sincerity in Profession, Regularity, Punctuality, Integrity Faith. - Religious and Moral Values: Tolerance, Wisdom, character. - Aesthetic Values: Love and Appreciation of literature, fine arts | | | | | |

| | | |
|---|--|-----------|
| and respect for the same. - Environmental Ethical Values - National Integration and international understanding. - Need of Humanistic value for espouse peace in the society - Conflict of cross-cultural influences, cross-border education. | | |
| Outcome 4 | Assess the impact of value education on fostering national and global development. | K6 |
| Unit - V | | |
| Objective | Promote personal development through value education, focusing on human values, character formation, challenges of adolescence, self-analysis, introspection. | |
| Value Education and Personal Development:- Human Values: Truthfulness, Constructively, Sacrifice, Sincerity, Self-resilience, Altruism, Egoism, Scientific Vision, relevancy of human values to good life. - Character Formation towards Positive Personality - Modern challenges of adolescent: emotions and behavior - Self-analysis and introspection: sensitization towards gender equality, physically challenged, intellectually challenged, Respect to - age, experience, maturity, family members, neighbors, co- workers. | | |
| Outcome 5 | Develop a strong foundation of human values for personal growth and positive character formation. | K5 |
| Practicum (Dynamic Components) | | |
| <ul style="list-style-type: none"> • A Critical analysis of teachers, school personal, students and parents and curriculum in terms of value education. • Value of self-sacrifice as value of self-centeredness. • Value of altruism Vs Egoism. | | |

| IV - Semester | | | | | |
|--|--|------------------------|---|-----------|-----------|
| Core | Course Code: 741402 | Economics of Education | T | Credits:4 | Hours:5 |
| Unit -I | | | | | |
| Objective 1 | Understand the concept and significance of education as an investment and consumption. | | | | |
| Economics Education:- Concept- Educational resources are limited – Educational Wants are unlimited- Nature of Economics of education – Scope of Economics of education – Emergence of Economics Education – Need of Economics of Education. | | | | | |
| Outcome 1 | Understanding the concept and significance of education as an investment and consumption | | | | K2 |
| Unit-II | | | | | |
| Objective 2 | Understand the principles and approaches to educational planning | | | | |
| Education and Economic Development:- Education and Economic growth - Education and National Development - Education and the Distribution of Income - Education, Population and Poverty - Liberalization, Privatization, Globalization and Education - Contemporary issues in Economics of Education. | | | | | |
| Outcome 2 | Analyse the cost-benefit aspects of education | | | | K4 |
| Unit - III | | | | | |
| Objective 3 | Analyze the cost-benefit aspects of education and the internal and external efficiency of education | | | | |
| Cost Analysis in Education Cost Concepts:- Expenditure vs. cost , Cost in economics and in education , Determinants of educational costs , Behaviour pattern of educational costs , Social and private costs , Opportunity cost , Fixed and variable costs - Estimating Educational Costs - Normative and actual costs , Effectiveness , Costs-efficiency and cost-effectiveness , Cost-Benefit Analysis , Cost-benefit defined , Rates of return: social and private , Cost-benefit analysis: an illustration , Evaluation of cost-benefit analysis . | | | | | |
| Outcome 3 | Critically evaluate the recent trends in Liberalization, privatization, Globalization and education | | | | K5 |
| Unit - IV | | | | | |
| Objective 4 | Understand new educational reforms adopted in India and their capability in the field of education. | | | | |
| Economic Reforms and Education:- 1. Standard of living schooling and Education 2. Modernization of education relationship between Market and education, Human Development Index 3. Privatization of education – public and private partnership in education 4. Globalization of Education; Role of International Institutions, IMF, WB & WTO 5. Liberalization of Educational policies a critical appraisal. | | | | | |
| Outcome 4 | Discuss economic reform and education | | | | K4 |

Unit - V

Objective 5 | **Understand the labour market, education and migration**

Education and the Labour Market:- Education and the Labour Market: Labour, Market and Education - Education and Employment - Education and Migration (Internal and External).

Outcome 5 | **Compare and contrast education and labour market, education and employment** | **K3**

Practicum (Dynamic Components):- Debate on education as investment – discussion on benefit of education – need of educational planning and institutional planning – role of panchayat raj and public in school expenditure.

| IV - Semester | | | | | |
|---|---|--------------------------|---|-----------|-----------|
| Core | Course code: 741403 | Instructional Strategies | T | Credits:4 | Hours:5 |
| Unit -I | | | | | |
| Objective 1 | Summarize readings, films, or speeches related to an instruction. | | | | |
| Introduction:- Instructional Technology: A History. Foundations in Learning Instruction. Instructional Systems Design. Identifying and Specifying Requirements for Instruction. Who, When, and Where: Instructional Technologists. Why: Linking Means to Ends. What: Using Hard and Soft Technology. How: Using Systematic and Systemic Approaches. The Relationship between IT and HPT. | | | | | |
| Outcome 1 | To Creating identifying and specifying requirements for Instruction | | | | K3 |
| Unit-II | | | | | |
| Objective 2 | Compare and contrast two or more theories, events, or processes. | | | | |
| Foundations of Instructional Development:- Job and Task Analysis. Learning Situations and Instructional Models. Learner Characteristics. Displays and Communication. Innovations in Telecommunications. The Evolution of Computer-Aided Educational Delivery Systems. Assessing Instructional Outcomes. Planning for Instructional Systems. Instructional Systems Development. Factors Affecting Utilization of instructional resources. | | | | | |
| Outcome 2 | Jot and Task Analysis and factors affecting utilization of instructional resources | | | | K5 |
| Unit - III | | | | | |
| Objective 3 | Classify or categorize cases, elements, or events using established criteria. | | | | |
| Theories for Instructional Development:- Evolution of Human Performance Technology. Learning, Behavioural Change, and Performance Human Performance Technology. Edward Lee Thorndike (1874-1949), Ralph Winfred Tyler (1902-1994), Burrhus Frederic Skinner (1904-1990), Benjamin Samuel Bloom (1913-1999). Organizational Behavior: Frederick Taylor's Scientific Management, The Hawthorne Studies, Kurt Lewin's Field Theory, Frederick Herzberg's Motivation-Hygiene Theory. | | | | | |
| Outcome 3 | Evaluating the Learning. Behavioural change and performance Human Performance Technology | | | | K3 |
| Unit - IV | | | | | |
| Objective 4 | Determine bias, values, or underlying intent in presented material. | | | | |
| Principles for Instructional Development:- The Systematic Instructional Design. Systematic Process of Instructional Design. Robert Gagne's Instructional Theories. Robert Mager's Method of Preparing Instructional Objectives. Dick and Carey's Model of Instructional Design. John Keller's ARCS Model. Instructional Systems Development. The ADDIE Model. Training Needs Assessment. | | | | | |
| Outcome 4 | Understanding the systematic instruction design and systematic process of instructional design | | | | K2 |

Unit - V

| | |
|--------------------|---|
| Objective 5 | Test, monitor, judge, or critique readings, performances, or products against established criteria or standards. |
|--------------------|---|

Evaluation of Instruction:- Systematic and Systemic Evaluation of instructional Programs. Donald Kirkpatrick's Four-Level Model of Evaluation. Constructing "Smile" Sheets Measurement Scales. Response Modes. Conducting Four-Level Evaluations: An Example. Front-End Analysis.

| | | |
|------------------|--|-----------|
| Outcome 5 | Evaluating the systematic and systemic evaluation of instructional programs | K3 |
|------------------|--|-----------|

Practicum (Dynamic Components):- To prepare an instruction based on a design. Preparation of a list of requirements for the instruction at primary, secondary, and tertiary level. To do a task analysis on a job such as teacher, teacher educator and education administrators. Developing an outcome based instructional technique. Incorporate a theory in the instructional development. Drawing a flow chart on the system of instructional design at your institution. Identifying the pros and cons of any one instructional design at your institution.

| Objective 1 | Understanding the fundamental concept and principles of educational management | | | | |
| <p>Principles, Techniques and approaches of Educational Planning:- Guiding principles of educational planning methods and Techniques of educational Planning. Approaches to educational planning.</p> <ul style="list-style-type: none"> • Social demand approach • Man-power approach • Return of Investment approach <p>Types of educational planning; process of district level planning including micro level planning exercise; institutional planning. Critical Analysis of educational planning in India.</p> | | | | | |
| Outcome 1 | Understanding the fundamental concept of educational management | | | | K2 |
| Unit-II | | | | | |
| Objective 2 | Discuss the management process and its importance | | | | |
| <p>Planning Mechanisms and Five-Year Plan in Education:-</p> <ul style="list-style-type: none"> • Perspective planning at central, state and local levels: concepts of macro, meso and micro level planning. • Priorities to be given at central and state levels. Perspective plan for education in the Five Year Plan. District level planning: recent initiatives. • Institutional Planning. School mapping exercises. • Availability of educational statistics at central, state and district levels. • Five year plans in India-its historical background. Main features of five year plans with special reference to education. Impact of five year plans on education. | | | | | |
| Outcome 2 | Discuss the management process and its importance | | | | K4 |
| Unit - III | | | | | |
| Objective 3 | The role and contribution of different agencies in educational planning. | | | | |
| <p>Performance and Resource Management in Educational Institutions:-</p> <ul style="list-style-type: none"> • Monitoring of school performance. Performance appraisal of teachers. • Scientific principles of management-PERT, CPM, PPBS system approach. Financial and administrative management of educational institutions. • Nature and characteristics of resource in education. • Need for resource management in education. • Need for resource management in education. Material resources. Human resource. • Financial resource. • Procurement, utilization and maintenance of resources. | | | | | |

| | | |
|--|---|-----------|
| | <ul style="list-style-type: none"> • Roles of state, central and local governments in resource mobilization. • Quality assurance in material and human resources. | |
| Outcome 3 | Understanding the application of educational management in academic area | K2 |
| Unit - IV | | |
| Objective 4 | Grow knowledge in dealing the financial problems of educational administration and leadership | |
| <p>Educational Finance: Need, Significance and Principles:- Concept of Educational Finance. Need and Significance of Educational Finance Rising Unit costs and resources constraints Demand for education Supply of education Constitutional responsibility for providing education. Principles of educational finance General theory of public finance: Allocation of resources-economic and social bases for allocation of resources in education. Financing education for: Equality of education-social justice Efficiency-cost-minimization and quality improvement Productivity-relevance of education to the world of work and create qualified and productive manpower. Educational Financing in India: Historical Perspective</p> | | |
| Outcome 4 | Acquire knowledge on appropriate models of leadership | K3 |
| Unit - V | | |
| Objective | Evaluate various sources of financing in India: | |
| <p>Finance and Educational Expenditure:- Source of finance Government Grant (Central, state, local) Tuition fee Taxes Endowment Donation and gifts Foreign aids. Grant-in-aid system: School Budgetary and accounting procedure. Central grants, state grants and allocation of grants by U.G.C. Grant-in-aid policy in India and state. Monitoring of expenditure control and utilization of funds, accounting and auditing. Central-State Relationship in Finance of Education Problems and Issues in Educational Management and Finance.</p> | | |
| Outcome 5 | Compare the sources of income for financing educational at central and state level. | K5 |
| <p>The students may undertake any one of the following activities: Assignment/term paper on selected theme from the course. A study of the functioning contribution of a VEC/SMC/PTA. Study of conflict resolution studies adopted by Heads in two schools. Panel discussion on corporate punishment in schools. Prepare a plan for the mobilization of different types of resources for a school form the community. Analysis of School Education Act of a state.</p> | | |

Case studies of School Education Act of state with better results at the secondary/senior secondary levels.

The students are to select any two of the following:

Estimation of institutional cost of a secondary school.

Estimation of unit cost of education in a school taking student as an unit.

Estimation of opportunity cost on a sample of working school age children.

Preparation of a school budget.

Preparation of a blue print for expenditure control in a school.

The students may undertake any one of the following activities

- Critical Analysis of School Education Act of a State.
- Preparation of questionnaire for micro-level educational survey.
- Preparation of interview schedule for micro-level educational survey. Formulation of a school mapping exercise for location of schools in an indentifies are.
- Preparation of plan for instructional management in a secondary school.
- Preparation of an institutional plan.
- Critical of an educational project.
- Evaluation of management of DPEP activities in a district.
- The students may undertake any one of the following activities: Coast benefits analysis of education at primary level.
- Assignments of partnership of VEC, self help groups, MTA, PTAs etc in universalisation of elementary education.
- Project report on issues of educational finance based on data collected from educational administrations.
- Preparation of a plan of action for development of low cost equipments and apparatus in a primary school.
- Evaluation of management of SSA activities in a district. Assignment on any of the themes discussed in the paper.
- Study of Conflict Resolution technique adopted by Heads of two schools. Critical review of present.

| IV- Semester | | | | | |
|--|---|----------------------------|---|-----------|-----------|
| Discipline Specific Elective-11 | Course code: 741511 | Open and Distance Learning | T | Credits:4 | Hours:5 |
| Unit -I | | | | | |
| Objective 1 | Understand with the nature and need of Distance Education in the present day Indian society. | | | | |
| Distance Education -An Introduction:- Distance Education: Definition, meaning and concept, Goals and objectives of Distance Education–distance learning and open learning –Distance education need of the hour – Growth and development of distance education – Distance Education in India – Issues in Distance Education-quantity, quality, relevance and effectiveness- Present status of distance education system - challenges in distance Education -Distance education in the global context. | | | | | |
| Outcome 1 | Illustrate the meaning and concept of distance education | | | | K3 |
| Unit-II | | | | | |
| Objective 2 | use different kinds of information and communication Technologies (ICT and enable them to be familiar with their use in teaching-learning process) in distance education | | | | |
| Teaching at a Distance:- Information and Communication Technologies and their application in Distance Education-ICT in Open Distance Learning: Issues and Challenges- network infrastructure-computing infrastructure - stable system and application software - internet service provider (ISP) and internet bandwidth - security infrastructure, service compatibility: computer hardware and software -Scalability issues- Ensure data compatibility - Security in distance learning: Concept and meaning- network service- Server- Hackers- service software- design and coding of hosted software-passwords- Social engineering and operational control. | | | | | |
| Outcome 2 | Appraise that the distance education is the need of the hour. | | | | K4 |
| Unit - III | | | | | |
| Objective 3 | Understand various modes of Student Support Services (SSS) and develop in them skills to manage such services for various kinds of programs through Distance Education. | | | | |
| Self-Learning Material (SLM) in Distance Education:- Self-Learning Material: meaning, scope, importance and characteristics-Designing and preparing self-instructional materials - Editing in Distance Education- Distance Educators - Electronic media for Distance Education – Intervention strategies for admission, classes, examination and evaluation- Student-Support Services(SSS) in Distance Education and their management -Technical and vocational programs through Distance Education - Programs for women through distance education - Distance Education and Rural Development –Skill development through distance Education –Challenges, opportunities in Distance Education. Counselling methods in Distance Education. | | | | | |
| Outcome 3 | Evaluates an insight into the intervention strategies at distance education | | | | K6 |
| Unit - IV | | | | | |
| Objective 4 | Evaluate programs of Distance Education and to develop in them the ability to enhance the quality and standards of different D. E. Programs. | | | | |
| Quality Enhancement and Program Evaluation:- Quality assurance of Distance Education - Mechanisms for maintenance of standards in Distance Education - Programme evaluation. Best practices in ODL: IGNOU, EFLU and SYMBIOSIS Centre for Distance Learning. | | | | | |
| Outcome 4 | Generate the Quality assurance of Distance Education and its New Dimensions | | | | K5 |

Unit - V

Objective 5 | **Understand various agencies in distance education**

Agencies in Distance Education:- Agencies and recognition in Distance education – Open University system in India- Learning management system in Open University- IGNOU – TNOU – Learning-virtual university- Distance Education Bureau (DEB) – Role of UGC in Distance education—role of learning centres in distance educations.

Outcome 5 | **Describes the important role of UGC and DEB in Distance education**

K2

Practicum (Dynamic Components):- Self-study, Discussion, display of various audio- visual programmes, Lecture and Library consultation, and visit to DDE study centre and Observation of the functioning of the distance mode. Review of CIET/UGC/IGNOU TV programmes and preparation of report.

- ODL Involving technology.
- Comparing a course of one University with ODL material.

| IV - Semester | | | | | |
|--|---|---------------------------------------|----------|------------------|----------------|
| Discipline Specific Elective-12 | Course code: 741512 | Quality Assurance in Education | T | Credits:4 | Hours:5 |
| Unit -I | | | | | |
| Objective 1 | Understand the concept of quality in education from both Indian and international perspectives. | | | | |
| Evolution of Quality:- Concept of Quality in Education: Indian and International perspective. Dimensions and Characteristics of Quality. Evolution of Quality: Inspection, Quality Control, Quality Assurance, Total quality Management (TQM), Six sigma. Quality Gurus: Walter Shewart, Edward Deming, Joseph Juran, and Armand V. Feigenbaum. Concept of Quality Learning Environments, Quality Teaching, Quality Learners, Quality Curriculum. | | | | | |
| Outcome 1 | Ensure the characteristics of quality in education. | | | | K6 |
| Unit-II | | | | | |
| Objective 2 | Familiarize with the evolution of quality management approaches, including inspection, quality control, quality assurance, Total Quality Management (TQM). | | | | |
| Competency Mapping:- Assessment and Accreditation: Meaning, Objectives, Relation between Assessment and Accreditation. Strategic Planning: Leadership, Identifying the Mission, Creating a Vision. Generating Quality Culture. Establishing Goals and Objectives. Sources of Competency Information. Essential Competencies: Creative thinking, Critical Thinking and Interpersonal skills. | | | | | |
| Outcome 2 | Set the goals and objectives as per the concept of assessment and accreditation in sustaining quality in education. | | | | K3 |
| Unit - III | | | | | |
| Objective 3 | Develop competency mapping skills, including the assessment and accreditation processes, strategic planning. | | | | |
| Educational Quality Management Systems:- Stages of Quality Management Systems. Educational Quality Management Systems: International Organization for Standardization (ISO), Integrated Management System. Rewards and Recognition: EQFI's India Education Awards, Malcom Baldrige Award in Education. Quality Audit: Types, Procedures. Quality Circles in education: Structure, Implementation, Operations and Benefits. | | | | | |
| Outcome 3 | March toward winning the educational awards. | | | | K5 |
| Unit -IV | | | | | |
| Objective 4 | Gain knowledge of educational quality management systems, such as the International Organization for Standardization (ISO) and the Integrated Management System. | | | | |
| Quality Measurements and Concerns:- Tools: Control chart, Fishbone diagram (cause and effect diagram), and Pareto diagram. Techniques: Benchmarking, Root Cause Analysis technique –5 Why, Failure mode and effect analysis (FMEA). Liberalisation, Privatisation, Globalisation (LPG) in quality education. Public Private Partnerships in India. Quality Crisis in Teacher Education. Bench marks in Higher Education: IITs, IIMs, and IISc. | | | | | |
| CO-4 | Deal the Liberalisation, Privatisation, and Globalisation (LPG) as the factors affecting quality in education. | | | | K3 |

Unit - V

| | |
|--------------------|---|
| Objective 5 | Understand the impact of liberalization, privatization, and globalization (LPG) in quality education and the challenges related to quality in teacher education. |
|--------------------|---|

Quality Maintenance and Sustenance:- Agencies of Education: Objectives, Functions, Roles and Initiatives. National Level: National Assessment Accreditation Council (NAAC), Quality Council of India (QCI), and National Accreditation Board of Education Training (NABET). International Level: Institutional Network for Quality Assurance Agencies in Higher Education (INQAHEE), Establishment and Monitoring of the Internal Quality Assurance Cells (IQACs) in Higher Education Institutions: Structure, Composition, Goals, Functions and Benefits.

| | | |
|------------------|---|-----------|
| Outcome 5 | Establish a structure in an institution so as to meet expectation of accreditation agencies. | K5 |
|------------------|---|-----------|

Practicum (Dynamic Components):- Precise the doctrines of any one Quality Guru through contemporary education system. Identify the interconnectedness among Quality Teaching, Quality Learners, Quality Curriculum. Formulate a Quality Culture in teacher education institution. Practising essential Competencies such as Creative thinking, Critical thinking and Interpersonal skills. Preparation of detailed account on International Organization for Standardization (ISO). Conducting a mock Quality Audit in teacher education institution. Drawing a Fishbone diagram for quality education. Listing out how Liberalisation, Privatisation, and Globalisation (LPG) being hurdle for quality education. Attempt for Public Private Partnerships. Draw an inference on the seven parameters of National Assessment Accreditation Council (NAAC).

IV- Semester

| | | | | | |
|-------------|--------------------------------|---------------------------|--|------------------|-----------------|
| Core | Course code: 741999 | Dissertation Viva-Voce | | Credits:8 | Hours:10 |
|-------------|--------------------------------|---------------------------|--|------------------|-----------------|

Non Major Elective Courses (NME)

| II- Semester | | | | | |
|---|--|---|----------|------------------|----------------|
| NME | Course code: | Psychology of Learning and Human Development | T | Credits:2 | Hours:3 |
| Unit -I | | | | | |
| Objective 1 | Acquire the knowledge of the nature and scope of Educational Psychology | | | | |
| Nature of Educational Psychology:- Definition of Psychology – Methods of Psychology - Branches of Psychology - Educational Psychology – Definition, Nature and Scope of Educational Psychology: The Learner, Learning Process, Learning Experience, Learning environment, Teacher and teaching- Significance of Educational Psychology to the teacher. | | | | | |
| Outcome 1 | Generate the prerequisite Knowledge’s or psycho ontological concepts and will conceive the new ideas of the psychology. | | | | K5 |
| Unit-II | | | | | |
| Objective 2 | Understand the process of mental development and mental abilities | | | | |
| Human Growth and Development:- Interaction of Nurture and Nature. Concept, Distinction among Growth, Development and Maturation. General Principles of Growth and Development – Characteristics, Dimensions of Development – Physical, Cognitive, Emotional, Social and Moral-Phases of Development and Developmental tasks – Infancy, Childhood and Adolescence. | | | | | |
| Outcome 2 | Identify the individual difference of the students in terms of physical, mental, emotional and social aspects. | | | | K2 |
| Unit III | | | | | |
| Objective 3 | Understand the process of learning and the factors influencing learning | | | | |
| Learning:- Nature and importance of learning – Individual differences in learning- Learning Curves- Factors influencing the learning- theories of learning - Conditioning: Classical and Operant (Pavlov, Skinner), Trial and Error (Thorndike), Learning by Insight (Kohler)- Transfer of Learning- Learning by Imitation- Levels of Learning: Gagne- Remembering and Forgetting: Curve of forgetting. | | | | | |
| Outcome 3 | Apply the learning theories in to the day-to-day pedagogical aspects. | | | | K3 |
| Unit IV | | | | | |
| Objective 4 | Acquire the knowledge of intelligence and creativity and their educational implication | | | | |
| Motivation, Intelligence and Creativity:- Motivation – Kinds of Motives - Theories of Motivation: Maslow’s hierarchy of needs Nature of Intelligence - Distribution of Intelligence – Theories of Intelligence: Single, Two factor and Multifactor theories, Guilford’s structure of the Intellect, Gardner’s Multiple Intelligence Theory- Constancy of IQ – Assessment of Intelligence- Uses of Intelligence tests. The Process of Creativity - Creativity and Intelligence – Identification and promotion of Creativity- Thinking: Convergent and Divergent thinking. | | | | | |
| Outcome 4 | Use the creativity concepts in their daily life and professional competence. | | | | K3 |

Unit V

Objective 5 Understand the importance of mental health and hygiene

Mental Health and Personality:- Meaning and Definitions of mental health and Personality – Conflict and Frustration – Unrest – Adjustment and Mal adjustment - Major Determinants of Personality – Theories of Personality - Type, Trait, Type and Trait, Psychoanalytic-Assessment of Personality: Projective and Non projective Techniques – Aptitude – concept, types and measurement. Personality and Assessment

Outcome 5 Apply the personality theories in teaching learning process.

K3

Practicum (Dynamic Components):- Experiments and Tests related to the following topics to be conducted on children/ adolescents. Each student teacher has to perform any 4 psychology experiments from Group A and 2 psychology experiments from Group B.

Group A (Related to Adolescence)

1. Intelligence
2. Learning
3. Transfer of Training
4. Aptitude
5. Adjustment
6. Concept Formation
7. Level of Aspiration
8. Interest
9. Personality Types
10. Attention
11. Creativity
12. Achievement Motivation

Group B (Related to Childhood)

1. Distraction of Attention
2. Division of Attention
3. Creativity
4. Piaget's task
5. Non-Verbal Intelligence Test
6. Sociometry
7. Measure of Anger
8. Emotional Stability
9. Moral Values
10. Motivation
11. Span of Attention
12. Motor Skills

| III - Semester | | | | | |
|---|---|-------------------------|---|------------|-----------|
| NME | Course Code | Environmental Education | T | Credits: 2 | Hours: 3 |
| Unit -I | | | | | |
| Objective 1 | To comprehend about the field of Environmental Education (EE). | | | | |
| Environmental Education: An Introduction:- Environmental Education: Definition- Goals- Objectives and guidelines - Origin of Environmental Education. - Pre requisition for a successful environmental education - Issues related to environmental education. | | | | | |
| Outcome 1 | To creating origin of Environmental Education and issues related to Environmental Education | | | | K3 |
| Unit-II | | | | | |
| Objective 2 | To develop Environmental Education curriculum at various levels of Education. | | | | |
| Environmental Education Curriculum:- EE Curriculum - need and significance -scope and sequence of Environmental education curriculum -Role of NCERT-UGC and educational institutions in developing Environmental Educational Curriculum - Approach to curriculum planning and Development Environmental Education at various levels of Education -Development of Environmental Curriculum in India. | | | | | |
| Outcome 2 | Applying the approach to curriculum planning and development environmental education at various levels of education | | | | K5 |
| Unit - III | | | | | |
| Objective 3 | To get awareness on culture and environmental crisis. | | | | |
| Culture –Environmental Nexus:- Environmental crisis - Science, Technology and Environmental crisis -cultural values and Environment. Major environmental problems in India – Need and objectives of conservation – Environmental conservation measures taken in India – Constitutional amendments made and Environmental laws | | | | | |
| Outcome 3 | Understanding the environmental movements and International efforts for environmental protection | | | | K2 |
| Unit IV | | | | | |
| Objective 4 | To develop environmental education (EE) curriculum, teaching methods and evaluation procedures for students at various levels of school education, teacher education and non-formal education. | | | | |
| Environmental hazards and pollution:- Meaning and definition of Environmental hazards and pollution – Types of environmental hazards and disaster – Types of pollution: Land, Air, Water, Noise, and Radiation- Green house effect- Ozone layer depletion. Need for environmental management – function and characteristics- dimensions of environmental management. Factors responsible for flora and fauna extinction – Measures to conserve flora and fauna.- causes for forest fire- measures of prevention. | | | | | |
| Outcome 4 | Evaluating types of environmental hazards and disaster | | | | K4 |

Unit - V

Objective 5 **To know the environmental disasters and their protection.**

Environmental Movements and International Efforts for Environmental Protection:-
Environmental movements in India: Silent Valley movement, Chipko movement, Narmada Bachao, Andolon, National Test Range at Baliupal, Orissa –conditions for achieving the goals of sustainable development – Strategies for sustainable development in India. The Stockholm conference 1972 – Brundtland Commission 1983 – Nairobi conference 1982 – The Rio Summit 1992 – the Rio Declaration at the earth charter – Major achievements of the Rio Summit – Main features of the Rio Declaration – Kyoto conference and part on Global Warming 1997.

Outcome 5 **Analysing environmental movements and international efforts for environmental protection** **K3**

Practicum (Dynamic Components)

- Visit to a local area to document environmental assets-river/ Forest / grassland / hill / mountain.
- Visit to a local polluted site-Urban / Rural / Industrial /Agricultural.
- Study of common plants, insects, birds.
- Study of simple ecosystems-Pond, river, hill, slopes, etc.,
